400 Homeless In Ohio Tornadoes

2 Killed, 50 Hurt

KETTERING, Ohio (AP) — Deadly tornadoes struck across Ohio Thursday night, killing two persons, injuring perhaps 50, leaving 400 homeless and causing millions of dollars in damage.

Gov. James A. Rhodes sent 200 National Guard troops into this Dayton suburb in western Ohio to assist the injured and homeless and to protect their property.

Rhodes flew here for a two-hour inspection. He said parts of Kettering and a residential area in adjacent Greene County may qualify as a disaster area.

A 14-building apartment complex was heavily damaged by the storm, 10 houses here were destroyed and about 90 heavily damaged.

Twenty-five persons sought treatment for minor injuries but no serious injuries were reported.

Bad weather prevented Rhodes from personally inspecting a storm-hit area at Tappan Lake, 175 miles to the east where one woman was killed.

His plane flew over Tappan Lake where a dozen houses were smashed but fog and poor visibility prevented it from landing.

Mrs. Harry Fogie, 42, died when the storm destroyed her house near the lake. Her husband and their four children were among 14 persons taken to Twin City Hospital at Dennison for treatment.

Two of Fogie's daughters, Carson 17, and Hollis, 13, were among six persons admitted to the hospital. Both girls were in guarded condition.

Others admitted were Mrs. Robert Weyand, 22; Mrs. Ralph Pocock, 59; Parker Eichel, 62, and Teresa Dempster, 15, all of the Tappan Lake area.

Another storm related death occurred at Pataskala, near Columbus. Jefferson D. Miller 20, Alexandria, was killed when a tree, split either by lightning or wind, fell on top of his car along a county road.

The tornado struck Kettering during the late afternoon rush hour. It cut a path 150 yards wide and three miles long through a residential area in Kettering and adjacent Greene County.

Thirty houses were demolished and an estimated 185 others damaged, as were an apartment building complex and a nursing home.

No deaths or serious injuries occurred here, although 25 persons were treated at Kettering Memorial Hospital for cuts and bruises. None were admitted.

Mayor Robert J. Haverstick of Kettering flew over the area in a helicopter and estimated damage "in millions of dollars."

Police Chief John Shryock said 300 to 400 persons were left homeless by the storm.

Fairmont East High School was converted into a shelter for the homeless, but officials said few were using the facility, apparently taking refuge with friends and relatives.

At Kettering, about 200 National Guard troops called up by Rhodes patrolled the damaged areas. The troops were requested by local officials who feared looting as hundreds of sightseers poured into the area.

Hit hardest was a four-block-square area around the apartment complex. Chief Shryock said some 20 homes in that section were demolished.

The Red Cross set up a disaster center in a shopping center nearby.

Electricity and gas mains in a 20-block area were shut off and the Dayton Power and Light Co. said 100-150 men were working in the area through the night.

In addition, State Highway Patrolmen, local civil defense people, highway department workers and 75-100 policemen, firemen and rescue workers were on the scene.

Among the evacuees were the residents of 12 of the apartment complex's 14 buildings. About 20 of the residents were treated for cuts and other minor injuries.

Ernest Eckelman, property management director for owners of the apartments, could not estimate damage to the $2 million project, but he said it was insured.

Also hit by the tornado was the Crestview Nursing home, where the kitchen was destroyed and part of the roof was carried away. However, none of the home's 75 elderly residents was injured.

Pollution Check Continues

SLICK SHORELINE. Mrs. Albert Hall of Broadway looks at the oily film which covers the Ohio River banks in the district as a result of upriver pollution.

The operations division of the Pittsburgh district office of the Corps of Engineers confirmed today that it is investigating a complaint of pollution in the Ohio River in the East Liverpool area.

The engineers' office said it still is pursuing the study, referred to it through Coast Guard headquarters in Pittsburgh, and expects to have an announcement in a week or more on the outcome of its investigation.

The alleged pollutant was described as "oil, grease and a lot of yellowish liquid." The engineers' office said it still is checking on the type of material and running down leads as to its alleged source.

THE COMPLAINTS were initiated in East Liverpool Tuesday. Two firms which operate riverfront dock facilities told Fire Chief Alfred VanDyne that the stream was "full of oil, as it has been some times in the past."

The chief received an identical complaint from John Parsons, chairman of the City Park Commission, which administers city-owned land and recreation sites on the riverfront.

VanDyne gathered additional information on the alleged pollution and passed on the report to the Coast Guard office in Pittsburgh. The Coast Guard, queried Thursday afternoon, said it made a determination that the alleged pollution emanated from "an outlet on the shore" and, therefore, did not fall under its jurisdiction. If the alleged pollutant had been discharged from a vessel in the stream, it would have fallen under the Coast Guard's jurisdiction.

The Corps of Engineers confirmed tha' it began an investigation after the information was relayed from the Coast Guard. It said it expects to is-

Close Study Set On Cong Peace Plan

Propaganda Move Or Serious Step? That's Question

WASHINGTON (AP) — President Nixon is expected to instruct his Paris envoys to determine whether the Viet Cong's 10-point Vietnam peace plan is a propaganda gimmick or a sign of readiness for serious bargaining.

The 10 points, proposed by the Viet Cong's Tran Buu Kiem at Thursday's Paris session, stack up basically as a combination of elements in the four and five-point plans long standard in North Vietnamese and Viet Cong diplomatic presentations.

But the new text omitted their customary propaganda polemics, went into greater detail than before, used some different phrasings and left enough ambiguities to whet the appetites of U.S. strategists searching for a break in the lengthening stalemate at the conference table.

It also was noted that Kiem's statement was the first such enemy presentation since the return to Paris of Le Duc Tho, the most powerful member of the North Vietnamese negotiating team, from consultations in Hanoi.

Nixon discussed the enemy plan with security affairs advisor Henry A. Kissinger at Key Biscayne, Fla., following the news from Paris.

Since the President sees secret talks as the best way to make negotiating progress, the U.S. mission headed by Henry Cabot Lodge probably will try to sound out enemy envoys privately.

Both the Florida White House and the State Department in Washington were keeping silent on any U.S. reaction to the enemy proposal at this time. There was a possibility a South Vietnamese response would come from Saigon following U.S. consultations with the Thieu government.

The 10-point proposition dealt with issues fundamental for both allies—withdrawal of foreign forces and the political future of South Vietnam.

Resident Tells Of Destruction

CADIZ, Ohio (AP) — "It's amazing that more people weren't killed," said Max Holleyoak as he surveyed the tornado damage at Tappan Lake.

"People were not at home at some of these houses. They were at work or coming home from work."

One of the dozen houses and mobile homes Holleyoak spoke of belonged to Mr. and Mrs. Harry Fogie.

Mrs. Fogie, 42, was killed when the storm flattened the home.

Her husband and four children were treated at Twin City Hospital in Dennison and one daughter, Carson, 16, was admitted with a skull fracture.

Fogie and his children were among 16 persons treated at the hospital. Five were admitted with storm injuries and listed in fair condition.

Holleyoak operates a marina on the lake and runs a restaurant that was heavily damaged in a storm last July. "That hurt 32 people," he said, "but nobody was injured bad."

Thursday's storm hit on the west end of the lake. Holleyoak said four houses were destroyed along the shore.

"Then the storm went over the hill," he said, "and wiped out six more permanent houses.

"How many damaged houses? I have no idea.

"The Fogie house was destroyed. I saw another house that was moved from its foundation and slammed into another house.

"One six room house was just completely gone."

All of the homeless were temporarily resettled with friends and relatives in the region.

Holleyoak said that in addition to the permanent houses, many of them occupied year-round in this rural resort area, he saw three or four trailer homes that were demolished.

The lake area is some 40 miles from West Virginia.

A number of Highway Patrol officers and Harrison County sheriff's officers went to the area to assist victims of the storm.

Other storm damage was reported at Wintersville and Steubenville, east and north of here.

Three state roads leading north and west from Wintersville were blocked by fallen trees and utility poles. They were highways 213, 43, and 152.

There was widespread minor damage at Wintersville, but no injuries were reported.

Raids Made Into Jordan By Israelis

Ground-Air Strikes Launched Against Arab Installations

Israel stepped up operations against Arab guerrillas in Jordan with a ground raid and two air strikes within 36 hours.

Israeli commandos dashed 1½ miles beyond the Jordan River Thursday night in the first such raid of the year and blew up houses of Arab guerrillas at Wadi Jabbet, a military spokesman in Tel Aviv said.

There were no Israeli casualties, the spokesman added.

Earlier Thursday, Israeli jet fighters bombed and strafed Bir El Harir, an Arab guerrilla camp in southern Jordan 20 miles south of the Dead Sea, the Israelis reported. A spokesman said all planes returned safely.

A military spokesman in Amman, the Jordanian capital, said there were no casualties among Jordanian troops, but did not say anything about guerrillas.

Israeli planes hit the same target late Wednesday, but the Jordanians said ground fire drove them off.

On the Suez Canal front, Egyptian and Israeli troops traded fire across the northern section of the waterway again Thursday, but both sides said the exchange was light compared to previous days.

At the United Nations, Soviet Deputy Foreign Minister Jacob A. Malik called for the U.N. cease-fire along the canal to be maintained.

Although it included a blast at Israeli leaders, Malik's statement was taken by some observers to be aimed at Egypt, which has said the cease-fire is no longer applicable along the canal because Israel has built up its fortifications there.

SAIGON (AP) — The Viet Cong's high command has called for a summer offensive in South Vietnam to force the Saigon regime to agree to a coalition government and compel the United States to withdraw troops from the country, according to a captured document made public today.

LONDON (AP) — The Conservatives reigned supreme in town halls across Britain today after routing Prime Minister Harold Wilson's Laborites in local elections for the third straight year.

The balloting Thursday did not reduce Wilson's 71-seat majority in the House of Commons. But more than 600 Labor party workers were thrown out of local offices, and the party's chances in the national elections Wilson must call within the next two years looked dimmer than ever.

The voting left Labor in control of only 25 of the 368 town councils in England and Wales. The Laborites hold none of the major cities.

Greater damage was done last year when Labor lost London and other town halls that had not known a Tory mayor for generations. This time Labor lost control of 13 towns, won back one and saw its minority dwindle everywhere else. There was no voting in London boroughs this time.

Wilson's forces lost a total of 637 town council seats in England and Wales and 18 in Scotland.

A 22-year-old Klondyke woman escaped from her stalled auto on a River Rd. railroad crossing Thursday night just seconds before it was demolished by a westbound freight locomotive, police reported.

PORTLAND, Ore. (AP) — Fremont Junior High School students endured a mock Great Depression this week in an experiment aimed at increasing understanding between the generations.

Each of the youngsters was to spend only 25 cents for the week. They walked to school, washed their socks and underwear each night with bar soap, ate beans, hot dogs, hamburgers, lettuce sandwiches and boiled potatoes.

Two hundred students started the experiment Monday on the suggestion of Mrs. Marcella Othus, eighth grade social studies teacher. About 150 continued.

Cool Weather Will Stay For Several Days

The vigorous cold front which brought so much violent weather Thursday afternoon and evening now has moved eastward beyond Ohio.

A cold cyclonic flow of air followed in its wake and will dominate the weather for at least the next two days.

The normal high temperature range for this date is 67 to 75. Today's actual high temperature range will be from the 50s to the lower 60s. Tonight's low will be in the 40s.

Saturday's highs also will be in this same range.

The outlook for Sunday is mostly cloudy and a little warmer.

Temperatures will range below normal through Wednesday.

Two-Week Campaign

Citywide Spring Cleanup Slated To Start Monday

The annual citywide spring cleanup campaign will open Monday morning in the North Side - Maplewood - Beechwood area, Safety - Service Director Robert E. Vodrey reminded householders today.

The campaign will continue for two weeks — through Friday, May 23 — with the incinerator department trucks hauling away the winter accumulation of trash and refuse which householders have cleaned from cellars, attics, gardens and lawns. The cleanup will follow the usual daily trash collection schedules. It will continue daily, Monday through Friday.

Schedules will be announced daily to enable householders to place refuse at the curb or property line the night before a scheduled collection. The refuse should be in place the night before the scheduled pickup, as the trucks will begin their rounds at 7 a.m.

Officials warned that all trash must be in suitable sturdy con-

Gap Closer

PORTLAND, Ore. (AP) — Fremont Junior High School students endured a mock Great Depression this week in an experiment aimed at increasing understanding between the generations.

Each of the youngsters was to spend only 25 cents for the week. They walked to school, washed their socks and underwear each night with bar soap, ate beans, hot dogs, hamburgers, lettuce sandwiches and boiled potatoes.

Two hundred students started the experiment Monday on the suggestion of Mrs. Marcella Othus, eighth grade social studies teacher. About 150 continued.

Cool Weather Will Stay For Several Days

The vigorous cold front which brought so much violent weather Thursday afternoon and evening now has moved eastward beyond Ohio.

A cold cyclonic flow of air followed in its wake and will dominate the weather for at least the next two days.

The normal high temperature range for this date is 67 to 75. Today's actual high temperature range will be from the 50s to the lower 60s. Tonight's low will be in the 40s.

Saturday's highs also will be in this same range.

The outlook for Sunday is mostly cloudy and a little warmer.

Temperatures will range below normal through Wednesday.

Two-Week Campaign

Citywide Spring Cleanup Slated To Start Monday

The annual citywide spring cleanup campaign will open Monday morning in the North Side - Maplewood - Beechwood area, Safety - Service Director Robert E. Vodrey reminded householders today.

The campaign will continue for two weeks — through Friday, May 23 — with the incinerator department trucks hauling away the winter accumulation of trash and refuse which householders have cleaned from cellars, attics, gardens and lawns. The cleanup will follow the usual daily trash collection schedules. It will continue daily, Monday through Friday.

Schedules will be announced daily to enable householders to place refuse at the curb or property line the night before a scheduled collection. The refuse should be in place the night before the scheduled pickup, as the trucks will begin their rounds at 7 a.m.

Officials warned that all trash must be in suitable sturdy con-

Man Hurt While At Work And Others Are Treated

A Georgetown area man injured at work was admitted to City Hospital Thursday and several others were treated and released.

Dale Johnson of Georgetown RD 1 suffered lacerations of the left hand and knee when a crank handle on a wrecker boom came loose. He was at work at Nick's Garage in Hookstown. He was listed as "satisfactory" today.

Others treated and released were Richard Brown of 325 Loeb St., Weirton, an employe of Airco, burns on the left foot from sulphuric acid while at work; Bruce Haney, son of William Haney of Boyd St., contusion of the right shoulder while in gym class at East Junior High Alice Phillips of 330 E. 3rd St., an employe of Heritage House, laceration of the right cheek on a bottle while at work; Sherrie Kemp, daughter of James Kemp of 909 Florence St., contusion of the left elbow in a fall on the way to school.

Pawnee Orr, daughter of William Orr of 107 Blakeley St., laceration of the left hand on a razor blade; Carrie Ruthem of 835 W. 8th St., abrasions of both knees and an ankle injury in a fall; Darlene Daugherty, daughter of Gene Daugherty of Liberty Ave., Chester, contusion of the right arm in a fall at school; Ronald Briggs, son of Ronald Briggs of 820 Green Ln., laceration of the back of his head in a fall against the corner of a chair.

Frederick Repp of Plaquemine, La., an employe of the Canal Barge Co. of New Orleans, skull injuries when he slipped and fell, striking his head on a wet deck; Kenneth Burris, son of Paul Burris of Rogers, laceration of the forehead on an auto dashboard; John A. Miller of 219 Jefferson St., Newell, an employe of Globe Refractories, acid burn on the arms and left shoulder suffered on a kiln at work, and Brenda Wilson, daughter of James Wilson of 1404 Trentvale St., dog bite on the right leg.

Historians Set Dinner

SALEM — The Salem Historical Society will be host to a dinner meeting of the Columbiana County Historical Association at 7 p.m. Wednesday in the Masonic Temple.

Joseph Belan Jr. of Salem will give an illustrated talk on primitive and early Spanish architecture in Mexico.

Dinner reservations, due not later than Monday, may be made with Mrs. John Simonds of Leetonia RD 1.

Recreation Plans Pushed For Chester

Plans were advanced for a year-round recreation program when members of Chester Council and the Park Board met Thursday night.

Purchase of ground near the Harker China Co. is contemplated under the program, Lester Kirschler, Park Board chairman, said.

Further plans will be made when the Park Board meets with the American Legion on Monday and with the VFW on May 19. The school board is also assisting in the project.

Anthony Torchio, director of the Weirton Community Center, is acting as a director in helping to establish the new playground.

It was announced that next week the school board will blacktop, install fencing and seed the playground at the primary school.

Council will meet Monday at 7:30 p.m. to dicuss the street program and other matters.

The school board and the Park Board will meet Wednesday at 7:30 p.m. at City Park. Any interested persons are urged to attend. Paul Cone is coordinator of the physical plants and grounds.

The playground at the old Central school will be leveled in a joint endeavor. The school board will provide equipment and volunteers will do the work.

3 Named To Tabulate Pottery Union's Votes

A three - member canvassing committee will meet Tuesday at 10 a. m. at the International Brotherhood of Operative Potters' headquarters on Route 7 to tabulate returns on the general election last Tuesday in which 12 international offices were at stake.

The committee is comprised of Frank Alexander of Local Union 223 in Walnut, Calif., Richard Bratt of Local 24 in Wellsville, and Joseph Farletta of Local 49 in Trenton, N. J.

Interest will center on election of a new president to succeed E. L. Wheatley, who did not seek a new term. The candidates were Lester Null, now third vice president, and Floyd Jividen of Newell.

Life expectancy of a wild goose is about 80 years.

Judge Jails Two City Men

Two city men charged with drunken driving were fined and jailed at hearings Thursday by County Judge Barry Dickson at East Palestine.

Robert J. Craven, 52, of 1058 St. Clair Ave. and Ronald O. Howell, 35, of Sunnyside Ave. were fined $200 and costs, sentenced to three days in jail and given 30-day license suspensions. They were also fined $25 and costs for public intoxication.

Craven was cited last Friday on Route 7 in Fairfield Township, and Howell was arrested Tuesday on Route 30 near the Y. & O. Rd.

Others penalized yesterday were Joseph W. Hoppel of East Liverpool RD 3, $20 and costs, and Harry Bowman of Lisbon RD 3, $10 and costs, lack of emergency brakes.

Harry H. Rose of 130 Pritchard Ave., Lisbon, and Gary E. Shafer of Negley, $15 and costs each for speeding; William C. Bratt of State Line Rd., East Palestine, $5 and costs for an unsafe vehicle.

James D. Needs of Salineville RD forfeited two $25 bonds for failure to have motorcycle registration and failure to comply with an officer's order.

Vonda Sue Hazelete of 614 5th St., Wellsville, was fined $20 and costs for a stop sign violation; Nelson Legler of 705 E. Lincoln Way, Lisbon, was fined $25 and costs for an overloaded truck, and Jerome Pratt of Rogers RD 1 was fined $10 and costs for failure to display valid registration.

Robert L. Wires of 131 W. Church Ln. was directed to pay court costs on a charge of lacking eye protective devices while operating a motorcycle.

Development Seminar Set

LISBON — The Columbiana County Regional Planning Commission will sponsor an industrial seminar at 8 p.m. May 19 in the Lincoln School auditorium.

The program will feature the executive officers of Area Industrial Development, Inc., of Beaver County, who will discuss the development of their industrial park.

Planners say the purpose of the conference "is to determine how and in what intensity the region can cooperate with the individual communities toward encouraging and appreciating their existing businesses and industries and in inviting new establishments."

O. A. Naragon of Salem chairman of the commission's Economic Development Committee, will preside. Floyd I. Lower of Lisbon, president, will extended the welcome. James L. Morrissey of Lisbon, director, will discuss planning and industrial inter-relationships.

Paul Brittain of East Palestine will introduced the Beaver County AID officers—Edward Salhi, president; William Northrup, vice president, and Ralph Kassouf, executive secretary.

Narragon will conduct a question-and-answer period and give the summary.

Republicans Meet

LISBON — The Columbiana County Young Republican Club held a roundtable discussion Thursday night at headquarters here, with Tom Rudebock of Leetonia RD 1, president, in charge. Jay Carter served refreshments. The next meeting will be June 12 at headquarters.

Officers Set For Center At Salineville

SALINEVILLE — Officers and board members were elected during a meeting of the advisory board of the Southrn Community Center Thursday night.

Ray Manning was renamed chairman, Harry Bryson was elected co - chairman and Mrs. Mary Hill secretary.

The following board members were selected: 3-year terms, Robert Skinner, Arthur Wilson, the Rev. Monty May, the Rev. Daniel Barth and Mrs. Marlene Corbisello; 2-year terms, Mrs. Caroline Dauwe, Mrs. Anne Earich, Mrs. Georgia Beckwith and Mrs. Margaret McNichol, 1-year terms, Mrs. Grace Hanley, Dwayne Felton and Lenore Bentley.

James N. Smith resigned from the board due to conflict in his work schedule.

The following were appointed as a committee to plan for a rummage sale in August: Mrs. Dauwe, Mrs. Corbisello, Mrs. Hanley, Mrs. Beckwith and Miss Bentley.

Mrs. Ann King, director, reported on summer plans and activities. Adult classes in sewing, art, crafts, knitting and first aid have been requested. Volunteer teachers are needed, with those interested asked to contact the center.

Mrs. King also reported on a meeting she attended of the Columbiana County Committee of Comprehensive Health Planning on Wednesday at Lisbon.

The next center meeting will be June 26 at 7:30 p.m.

Steve Hunt, 6-foot-7 center from Westwood, Mass., is playing his third varsity season for West Point's basketball team.

Jumping To Conclusions

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

Work, not alcohol or drugs, has always been the most popular narcotic in America. We are a work-addicted people, as witness the number of men who fear compulsory retirement at 65 because they feel they'll be lost without the stimulation provided by going to a daily job.

It seems like years since we've seen an old-fashioned hairpin. Don't women ever wear them anymore?

Strawberries and modern children have one thing in common: the bigger they grow the more tasteless some of them become.

The height of boredom comes when a fellow suddenly discovers he has been talking to himself—but not bothering to listen.

The more scientific we become the more stubbornly we stick to our timeworn superstitions. If you put a large ladder across a sidewalk, eight out of 10 passers-by will walk around rather than under it. The two who do walk under it aren't any less superstititous than the others—they're just probably showoffs.

People who crave the limelight go through endless maneuvers to become the center of attention at a cocktail party, but the simplest of all ways to do it is to get an attack of hiccups.

The suspicion arises that many folks who attend church today do so because it is the one public place left where they run a minimal danger of being mugged.

There are two good reasons why housewives live longer than their husbands: (1) they can flop down on a couch any time during the day when they are tired, and (2) they avoid the physical wear and tear of the two-and three-Martini lunch, which ages executives quicker than anything.

The biggest problem facing educators today is how to find a way to convince the students that there is a real difference between going to college and going to kindergarten.

The loneliest people I know are those wealthy enough to attend public banquets frequently, but so poverty-stricken in real companionship that they can't think of anything better to do with their time. I always think they'd be happier if they learned to hook rugs and stayed at home with the cat.

The meek may indeed sometime inherit the earth, but the odds are against them holding it undisturbed for very long.

When a guy becomes so confirmed a bachelor that he carries safety pins in his pocket, a girl is wasting her time trying to lure him into matrimony.

Maturity is that stage in life you reach when you decide that it is more fun to watch the world go to the dogs than try to reform it yourself single-handed.

In Common Pleas Court

Man Given 1 To 7 Years For Concealing Of Felon

LISBON — John T. Hennis, 24, formerly of 705 S. Chestnut St., New Cumberland, was sentenced Thursday in Common Pleas Court to 1 to 7 years in the Ohio State Penitentiary for harboring and concealing a felon.

Judge Raymond S. Buzzard yesterday denied the defendant's request for probation made in May 1968, when he pleaded guilty to harboring William Nesbitt, 21, of Lisbon on two occasions, Oct. 20 and Nov. 3, 1967. Nesbitt was sentenced last year for armed robbery in East Liverpool.

—:—

JUDGE BUZZARD also accepted pleas of guilty from six April Grand Jury defendants who had pleaded not guilty at arraignment April 28. All requested probation. Three were sentenced immediately since their offenses were misdemeanors not requiring an investigation for probation.

A federal agent brought Hennis into court and took him back to Cleveland after the hearing. The defendant was sentenced April 10 in U.S. District Court to serve five years in a federal prison on white slavery charges. He had pleaded guilty to three counts of transporting a young woman between East Liverpool and Chester and Newell for immoral purposes.

Judge Buzzard sentenced Hennis, also known as Johnny Action, to concurrent sentences of 1 to 7 years on each of two counts of harboring and concealing Nesbitt. The judge said the sentences will begin when Hennis has served his term in the federal prison.

Hennis pleaded guilty Jan. 15 in Muskingum County to a charge of statutory rape. The judge there deferred sentencing.

Fred Kidder and Gary Crowl, 21 - year - old Lisbon residents, were fined $100 and were given suspended 60-day sentences in the County Jail for stealing two wheels and tires Feb. 8 from a new car in the Lehman Ford display lot on Route 45, north of Lisbon.

Judge Buzzard handed down a $50 fine and suspended a 60-day jail sentence for Charles Phillips, 32, of Youngstown, for harboring and concealing stolen property.

—:—

PRE-SENTENCE investigations and reports were ordered for John W. Labuda, 23, of Pittsburgh and Kathryn Ann Tepsic, 18, of 1294 E. State St., Salem.

Labuda was indicted for a burglary Feb. 26 at the Pearl China Co., East Liverpool. Miss Tepsic admitted attempting to smuggle hacksaw blades concealed in a carton of cigarettes to a County Jail prisoner Jan. 31.

Benjamin R. Phillips, 20, of Canton, formerly of Leetonia RD 1, admitted two burglaries — Nov. 21 at Frank's Ideal Market in New Garden and Nov. 26 at Suburban Market on Newgarden Ave., Salem.

He is already under investigation for probation in Judge Joel H. Sharp's court, where he pleaded guilty last term of court to burglaries at Peoples Lumber Co. and Chappell & Zimmerman in Salem.

Judge Buzzard deferred action on Phillips' request for probation pending completion of the investigation ordered by Judge Sharp.

Perplexities In Procurement

A statement from and testimony about a former Pentagon official add damning new evidence to the case against questionable military spending practices.

A few days ago, Robert H. Charles, who used to be assistant secretary of the Air Force for installations and logistics, admitted that fear of an adverse effect on the stock market position of Lockheed Aircraft Corp. was a factor in the withholding of public announcement of a huge cost increase in the C-5A program.

THE ADMISSION came as Mr. Charles was questioned about the April 1968 handling of the incident involving the $5.2-billion jet transport project.

Lockheed was exceeding its contract ceiling costs by $409 million.

If the Defense Department had decided not to exercise its option to purchase 23 more of the large transports after the first 53 were produced, Lockheed would have absorbed the $409-million excess.

Sen. William Proxmire, D-Wis., has asked the Securities and Exchange Commission (SEC) to investigate the stock market protection angle in the matter to determine if any irregularities occurred.

Another controversial procurement case involving Mr. Charles has to do with the fate of the F111B plane.

Gordon W. Rule, director of procurement control of the Office of Naval Material Command, testified before a House committee this week that Charles arranged, on his own, to quietly drop the F111B project and thereby spare General Dynamics Corp. a good-sized financial penalty.

Mr. Rule said the company was clearly in default on the contract for the Navy version of the TFX fighter-bomber but the agreement offered by Mr. Charles left the government holding the bag for the expensive failure.

Time and again instances of high costs, low quality and late deliveries are uncovered in defense projects without any high-level action being taken to safeguard against inexcusable recurrences.

THE GOVERNMENT cannot make excuses by pointing accusing fingers at the companies. The government has to sign the contracts and it certainly has enough employes to make sure the taxpayer is getting a fair break.

We are in agreement with the concluding portion of Mr. Rule's testimony concerning the attitude of contractors:

"No matter how poor the quality, how late the product and how high the cost, they know nothing will happen to them. Until or unless this climate is changed, there will be little or no improvement in our procurements."

It is up to the federal government to change the climate.

The Spoiler

The successes of long efforts to clean the Ohio River continue to be marred by industrial pollution of the type which this week left local shores covered with an oily skim.

To private citizens who have been bearing the costs of mandated sewage disposal plant, to fishermen, to conservationists, to boaters, to planners, businessmen and industrialists who are aware of the prime need for good water, this latest violation of anti-pollution regulations is a signal affront.

"La Belle Riviere," as the first French explorers termed it, is our number one economic and natural asset here. Concern for adequate water across the country and the skyrocketing expenses of treating contaminated sources are a national problem.

We hope this latest culprit — strongly suspected to be in the Midland area — can be identified, penalized and made to conform to the same standards others are meeting.

Iron Curtain Pipeline

The Iron Curtain continues to prevent East Germans from crossing into West Germany. But apparently the curtain is to be lifted as far as oil is concerned.

In almost simultaneous moves, both unexpected, the East Germans and the Russians have proposed that they build pipelines to West Germany to market oil and natural gas.

Officials of the trade ministries of both Communist nations made the proposals last week at a trade fair in Hanover, West Germany. This despite the fact that both of the Red nations had been treating West Germany with unusual coldness recently.

Of interest also is the apparent competition between East Germany and Russia for the West German market.

A third factor involved in such an arrangement is the resentment of other East European nations who are forbidden by Russia to carry on negotiations for large scale trade with West Germany.

While Russia develops economically through the sale of its excess oil, it makes certain that its satellites stay comparatively economically poor.

It will be interesting to watch how the West Germans respond to these proposals as they weigh the many economic and political factors involved.

Certainly, the proposals offer an opportunity for some change from the longstanding Iron Curtain conditions.

Tax Exemption Reform

A joint statement by the National Council of Churches and the U.S. Catholic Conference brings into the open the controversial tax exemption granted churches on income from "unrelated" business enterprises.

The two organizations appealed to the House Ways and Means Committee, which is investigating tax reform possibilities, to eliminate the special exemption for churches on income from commercial business activities not related to normal religious functions.

The joint statement said it favored elimination action to remove the "potential advantage" that churches enjoy over secular taxpaying organizations in the same fields.

Pressure has been mounting for some time for Congress to make some changes in the tax law that gives religious organizations a break denied secular enterprises.

Two "unrelated" business activities have been mentioned often by critics of the tax exemption.

An Akron Protestant church, The Cathedral of Tomorrow, owns the Real Form Girdle Company in Brooklyn and a television station in New Orleans, WWL-TV, is owned by Jesuit-operated Loyola University.

The joint Catholic-Protestant appeal smooths the way for Congress to take appropriate action in this ticklish area.

Initiating action by the two bodies lends strong support to the reform movement by removing the issue from the emotionalism arena and placing it on the level of objectivity where it belongs.

Letters To The Editor

The Board of Liverpool Township wants to take this opportunity to express commendation to Judge Chertoff in issuing a stern warning on trash dumping in the township.

This has always been a question in the mind of a lot of people as you drive in the area and see where people have thrown bottles, papers and sometimes sacks of garbage out of a car along the road. This is a horrible sight. It mars the beauty of the area.

There is no cause for this to happen at anytime, for in the city there is a levy people pay to have this trash removed, and in the outlying areas where there is no levy there are available persons licensed by the county to haul trash for a nominal fee to be paid by persons wishing this service each month for trash picked up each week.

Judge Chertoff was right, and we wholeheartily agree as a board that it's about time we put a stop to this practice. The beauty of our country, state, county, city or townships should be maintained. Others should remember who is guilty of the same offense and that the next time, it could be you that is being watched and taken to court.

Let each one of us help keep America beautiful!

Today's draft law produces gross inequities, creating unfairness for some of our young men and uncertainty in the lives of others. It was a law designed in other times for other situations, and it is an outdated patchwork.

VICTOR RIESEL

A Return Home For Labor

WASHINGTON — For many of the powerful elders of America's mammoth labor movement, it was a sentimental journey. They were on their way to the White House which many of them had been visiting for 35 years. Those days were gone, they reckoned ruefully — for they love the engraved invitations, the pomp, the splendor, the intimate conversations with presidents in the intimate living quarters as well as the official "downstairs" offices.

Victor Riesel

And then Dick Nixon won, and had not their own chief, George Meany, called him the "meanest man alive"?

And now it is the morning of May 5, 1969, and they once again were heading for the White House. How would President Nixon receive them?

So well did it go for an hour and fifteen minutes, they once more loved the old mansion. The President did his homework. Each of the AFL-CIO's 29 Executive Council members had been researched. As he greeted them, he knew quite well what was motivating or agitating each union chief.

The President sat in his usual Cabinet Room chair. At his right was husky George Meany, whom Mr. Nixon had called Mr. Labor during the campaign when labor was calling the Republican candidates more colorful names. At the President's left was young Paul Jennings, president of the International Union of Electrical Workers (IUE), who will make headlines this fall when he jousts with General Electric and Westinghouse.

THE PRESIDENT OPENED by greeting the well-tailored leaders of so many toilers. He disclosed that he thought it was no secret that they had supported "another candidate" (fidgety laughter).

Then, quite seriously, he welcomed them to this first gathering in the White House.

He added that there would be many more such frank discussions between the union chiefs and himself. He said, in that easy way of his which surprises those who've only caught him on the air, that this two way-communication between labor and the government was vital. He wanted to know their problems — and they should know his.

Mr. Nixon asked for it — he got it. The Seafarers' Paul Hall and the sailors' big Joe Curran spoke strenuously of the need for a merchant fleet which would outweigh and outrange the powerful Soviet fleet. Paul Jennings warned against the inflow of cheap electronic equipment made in low-wage Japan — resulting in job-cutting competition.

Virtually every union chief had his "beef." The President listened. But he also spoke of the need to head off inflation — without a recession.

There was no pain when Mr. Nixon said he understood the union leaders' problem with their rank and file. He would put no restraints on labor, said the President. He would leave it to their own judgment to keep wage demands in line.

HOWEVER, THE LABOR leaders, at least the informed ones, were suspicious. They knew that the President had been preparing to send up a message on unemployment insurance. He had been working with Budget Director Robert Mayo, Counsellor to the President Arthur Burns, Special Assistant to the President William Safire, the Council of Economic Advisers, and key architect Assistant Secretary of Labor Arnold Weber.

The informed union chiefs knew that the President had for some time been planning to extend jobless insurance to an additional four million workers. They knew he was set for improvement of federal standards for waiting periods, length of payments, minimum weekly amounts, and the bolstering of the state insurance "trusts."

And they were suspicious. They believed that the President might be preparing for a man-made recession.

BUT THEY CAME AWAY convinced that he wanted no pool of job seekers welling up from his tight money policies; that he wanted no desperate breadwinners, no new hungry heads of families resulting from his efforts to top off inflation.

Mr. Nixon also spoke of tax reform and improvements in social security to prevent the aging from being "robbed" of their income by inflation.

Then, when the President had to leave to keep his appointment with former West German Chancellor Ludwig Erhard, who had been toppled from office by what seemed to be runaway inflation, the President said that he hoped every member of the Executive Council would pepper Secretary of State Rogers, Secretary of Defense Laird and Secretary of Labor Shultz with questions which troubled the labor leaders.

This they did for almost a half-hour. It was like old times — except that the old running cast of McNamara, Rusk and Wirtz had been changed.

The President had talked with the union chiefs as had Lyndon Johnson — frankly, warmly an as "unclassifiedly" as was safe. He mentioned his secret plan for ending the Vietnam war. His cabinet men expanded on the problems abroad as well as at home.

Then Mr. Meany was asked to return at three o'clock. Mr. Nixon wanted to talk alone with him — just the President of the U.S. and the president of the American labor movement, the strongest organized force in the land.

And so the elders of the clan went over to a communal lunch at the Statler-Hilton. And they talked of what they once had told Franklin Roosevelt, and HST, and JFK, and LBJ. They knew that soon they would be using a new acronym — RMN.

He just did not turn out to be so mean, after all.

The Fortas Indiscretions

WASHINGTON — Anyone who is accused in court of doing something wrong is supposed to be entitled to a fair trial.

Justice Abe Fortas is under criticism in Congress for having accepted in January 1966 a fee of $20,000, which was intended to compensate him for work he was going to do for a charitable foundation.

He was on the Supreme Court at the time and he returned the fee 11 months later. The man who headed the foundation, Louis Wolfson, an investment banker, has since been convicted of violating the rules of the Securities and Exchange Commission in a stock-manipulation case and now is serving a jail sentence.

IT IS RATHER UNUSUAL for a Supreme Court justice to be tried in the court of public opinion but that is what is happening today. Both sides of the story have not been completely told.

Justice Fortas himself has not satisfactorily explained why it took him several months to return the fee. Certainly Justice Fortas did not participate in any case in which Wolfson was concerned, including the Supreme Court decision on April 1 that year not to disturb Wolfson's conviction.

So the questions being asked by members of Congress concerning the incident are numerous. They want to know why he did not give the money back sooner and whether he was involved directly or indirectly in any effort to advise Wolfson on his complications with the law.

It may well have been that Justice Fortas was convinced that there was no impropriety because the work was to be done for a foundation. He may not have regarded the matter at the start as likely to be embarrassing.

He may have felt that, if he confined himself solely to helping the foundation to operate in the field of education and religion by giving it advice, no one would criticize him for it.

But the circumstances that have arisen today have produced a wave of editorial comment, even in newspapers which were friendly to Justice Fortas during the controversy that ensued when he was placed in nomination for the chief justiceship by President Johnson.

Justice Fortas has strongly denied any implication that the money was offered in the hope that he would block the prosecution of Mr. Wolfson. But, as the Washington Post says in an editorial, "the shadow is there, and it is there in large part because the justice's statement does not dispel it."

The comments thus far by Mr. Fortas have not satisfied Congress. Demands are being made on Capitol Hill for the justice to resign or at least to submit to an inquiry in order that all the facts may be disclosed. Both Republicans and Democrats are asking for further explanations.

A movement has arisen to require justices to disclose each year their sources of outside income, just as is required of members of Congress. Actually, some of the justices make public addresses on highly controversial subjects.

The question has been raised as to whether publicizing their views might seem to commit them to certain courses of action in future cases that come before the court.

Justice Fortas owes it to the country to make a full explanation of just what occurred. Even though he may concede that he made a grave mistake, the question of whether he must resign from the court could remain unresolved because no code of ethics for Supreme Court justices have ever been drawn up.

THE FORTAS INDISCRETION could have constructive results in causing all members of the Supreme Court of the United States in the future to detach themselves completely from outside interests of any kind. If they cannot afford to live on the salaries they receive, this is a matter Congress can always examine and revise by appropriating more money for that purpose.

Under the circumstances, Justice Fortas could pursue a most helpful course by making a frank disclosure of just what did happen.

Hayes Speaks At Dinner

Ohio State Alumni Group Elects Babb As President

Roger Babb was elected president of the Southern Columbiana County Ohio State University Alumni Association during the annual banquet Thursday night at the Country Club.

He succeeds William Kozel Jr., who gave the welcome address and served as master of ceremonies.

Others named to serve with Babb were Charles Lang, vice president; and Mrs. William Bartolovich, secretary - treasurer.

Dr. Bartolovich and Miss Ruth Winland were elected three-year trustee; Dick Beatty and J. Warren Bettis, two years, and Dr. William Sulkes and Kozel, one year. Mrs. Mary Lou Kinsey was chairman of the nominating committee.

—:—

WOODY HAYES, head football coach at OSU, spoke. He was introduced by Dr. R. Jay Kinsey.

On behalf of the association, John Gilkes, a retiring trustee, presented the speaker with an eight - piece setting of pottery on which was inscribed "Coach of the Year" and "Coach of the Rose Bowl Champions."

Also introduced was Lou Holtz, defensive backfield coach under Hayes, a former resident of East Liverpool. His wife Beth was presented the floral centerpiece.

An award was presented Kenneth Koos of East Liverpool in recognition of his 50th year as an alumnus. He was graduated with the class of 1919, and will attend the 88th annual supper at the university on May 24.

Mike Cloran was recognized for his 52nd year as an alumnus.

—:—

OTHER GUESTS introduced were Dan Heinlen and Tom Wheeler, representatives from the university, and Dr. Arthur Nicolette, a member of the Mahoning Alumni Association.

Heinlen gave the campus report and also the development fund report.

Closing remarks were given by Kozel. The singing of the "Alma Mater" was led by Dr. Kinsey. Dr. E. C. Traylor, minister of the First Church of Christ, voiced the invocation and benediction.

The decorating committee included Mrs. Norma Beatty, chairman, Mrs. Patty Lang and Mrs. Kozel. Some 160 attended the event.

The Nicolitans mentioned in the Bible were followers of Nicolaus, one of the early deacons appointed in the church at Jerusalem. Early church tradition apostate and founded the sect, which became heretical.

Pottery Union Selects 3 For Scholarships

The International Brotherhood of Operative Potters today named high school seniors in New Jersey, Illinois and California as winners of the annual E. L. Wheatley college scholarships.

Worth $500 annually for four years at any qualified university or college, the awards went to:

Fred H. Bowers of Lambertville, N. J., son of Howard S. Bowers, who is a member of IBOP Local 49 in Trenton, N.J.

Becky Lou McIntosh of Robinson, Ill., daughter of Virgil L. McIntosh, who is a member of Local 177 in Robinson.

Inese Birznieks of Pomona, Calif., daughter of Jekabs Birznieks, a member of Local 319 in Pomona.

It's the fourth year of the scholarship program which was initiated in honor of the IBOP's long - time president. Sons and daughters of the union's members are eligible. George Barbaree, the union's international secretary - treasurer, is administrator of the fund.

The winning scholars were chosen on the basis of competitive examinations given by the Educational Testing Service, in addition to their personal high school records and evaluation of their ability by their high school counselors.

The selections were made by a committee comprised of Dr. Herbert Levine of Rutgers University, Howard B. Twitchell, Barbaree and George Smith, the IBOP's ninth vice president. The selections were ratified by the union executive board.

Deadline Is Set On Boat Storage

June 1 will be the deadline for lessees to obtain the same boat storage spaces used last year along the Ohio River front, Fire Chief Alfred VanDyne, representing the Park Commission, has announced.

After June 1, all boat spaces will be opened to the public, he said.

Permits will be issued from the mayor's office in City Hall and the lessee will be responsible for clearing the area, Van Dyne said.

Areas for dock space will be designated by the Park Commission. The fee is $2 per boat for 15 feet of dock space frontage and $5 to those residing outside the city. The rental will be for a five-month period — from May 1 to Oct. 1.

Political 'Who's Who' Lists Sen. Applegate

STEUBENVILLE — State Sen. Douglas Applegate of Steubenville of the 30th District has been selected to be listed in the second edition of "Who's Who in American Politics."

The book is published by the R. R. Bowker Co. of Tempe, Ariz., and the Advisory Committee that selects the names which appear is comprised of prominent national figures, including Sen. Edward Brooke of Massachusetts, Sen. Warren Magnuson of Washington, Gov. Richard Hughes of New Jersey and Gov. Ronald Reagan of California.

Applegate, who in 1965 was selected to be listed in the U.S. Junior Chamber of Commerce edition of "Outstanding Young Men of America," is serving his first term in the Ohio Senate after completing four terms in the Ohio House of Representatives.

West End Fracas Hurts City Youth

A 15-year-old boy was treated at City Hospital Thursday afternoon for injuries suffered in a peculiar fracas in West End and a Marine Corps veteran of Vietnam was accused of striking the boy, police reported.

Police identified the injured boy as David Morgan of 739 Chester Ave. They said Richard Payne, 20, of Riverside Park was accused of assault on a juvenile. Patrolman Karl Samples, who invtstigated, gave this account:

Samples was dispatched at 12:54 on a report a group of youngsters was fighting at Westgate School. He noted a group of young people in front of a store on Fairview St. He said he found the boy had been injured and the other youngsters said the Marine had hit the boy. He cited the adult and took the boy to the hospital for treatment.

Payne told the officers he noted a fight was about to break out in front of his mother-in-law's home and he attempted to halt it. He said the youngsters cursed him and used vile language and one boy threatened to strike him with a soft drink bottle.

He said all the youths began shouting that they were going to "gang up on him." He said someone grabbed his shirt from the rear and he turned and shoved David away. He said the boy grabbed him and he then struck the Morgan boy.

Mist Sniffing Claims Lives Of 42 Youths

WASHINGTON (AP) — Forty-two youngsters looking for kicks in the common spray can have died after inhaling the mists from such products as mouthwashes and cleaning fluids, according to the Food and Drug Administration.

Victims were mostly teenagers, but one was only 11 years old, an FDA spokesman said.

"These kids apparently have been spraying products into plastic bags and then sniffing them," reported Joshua Zatman, the FDA's assistant commissioner for education and information.

"Then if they don't withdraw their heads fast enough, they die.

"It causes some dizziness and some elation with one breath, but if they take two or three breaths it freezes their esophagus, congests their lungs, causes asphyxia. It kills."

Zatman said the effect of inhaling the sprays is "what doctors call mildly hallucenogenic. It is the same effect you get when you drink a couple of ounces of bourbon or scotch in a hurry."

The lethal element in most of the sprays, he said, is Freon 12—an inert gas used to propel the products from cans.

Jumping To Conclusions

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

Work, not alcohol or drugs, has always been the most popular narcotic in America. We are a work-addicted people, as witness the number of men who fear compulsory retirement at 65 because they feel they'll be lost without the stimulation provided by going to a daily job.

It seems like years since we've seen an old-fashioned hairpin. Don't women ever wear them anymore?

Strawberries and modern children have one thing in common: the bigger they grow the more tasteless some of them become.

The height of boredom comes when a fellow suddenly discovers he has been talking to himself--but not bothering to listen.

The more scientific we become the more stubbornly we stick to our timeworn superstitions. If you put a large ladder across a sidewalk, eight out of 10 passers-by will walk around rather than under it. The two who do walk under it aren't any less superstititous than the others—they're just probably showoffs.

People who crave the limelight go through endless maneuvers to become the center of attention at a cocktail party, but the simplest of all ways to do it is to get an attack of hiccups.

The suspicion arises that many folks who attend church today do so because it is the one public place left where they run a minimal danger of being mugged.

There are two good reasons why housewives live longer than their husbands: (1) they can flop down on a couch any time during the day when they are tired, and (2) they avoid the physical wear and tear of the two-and three-Martini lunch, which ages executives quicker than anything.

The biggest problem facing educators today is how to find a way to convince the students that there is a real difference between going to college and going to kindergarten.

The loneliest people I know are those wealthy enough to attend public banquets frequently, but so poverty-stricken in real companionship that they can't think of anything better to do with their time. I always think they'd be happier if they learned to hook rugs and stayed at home with the cat.

The meek may indeed sometime inherit the earth, but the odds are against them holding it undisturbed for very long.

When a guy becomes so confirmed a bachelor that he carries safety pins in his pocket, a girl is wasting her time trying to lure him into matrimony.

Maturity is that stage in life you reach when you decide that it is more fun to watch the world go to the dogs than try to reform it yourself single-handed.

In Common Pleas Court

Man Given 1 To 7 Years For Concealing Of Felon

LISBON — John T. Hennis, 24, formerly of 705 S. Chestnut St., New Cumberland, was sentenced Thursday in Common Pleas Court to 1 to 7 years in the Ohio State Penitentiary for harboring and concealing a felon.

Judge Raymond S. Buzzard yesterday denied the defendant's request for probation made in May 1968, when he pleaded guilty to harboring William Nesbitt, 21, of Lisbon on two occasions, Oct. 20 and Nov. 3, 1967. Nesbitt was sentenced last year for armed robbery in East Liverpool.

—:—

JUDGE BUZZARD also accepted pleas of guilty from six April Grand Jury defendants who had pleaded not guilty at arraignment April 28. All requested probation. Three were sentenced immediately since their offenses were misdemeanors not requiring an investigation for probation.

A federal agent brought Hennis into court and took him back to Cleveland after the hearing. The defendant was sentenced April 10 in U.S. District Court to serve five years in a federal prison on white slavery charges. He had pleaded guilty to three counts of transporting a young woman between East Liverpool and Chester and Newell for immoral purposes.

Judge Buzzard sentenced Hennis, also known as Johnny Action, to concurrent sentences of 1 to 7 years on each of two counts of harboring and concealing Nesbitt. The judge said the sentences will begin when Hennis has served his term in the federal prison.

Hennis pleaded guilty Jan. 15 in Muskingum County to a charge of statutory rape. The judge there deferred sentencing.

Fred Kidder and Gary Crowl, 21 - year - old Lisbon residents, were fined $100 and were given suspended 60-day sentences in the County Jail for stealing two wheels and tires Feb. 8 from a new car in the Lehman Ford display lot on Route 45, north of Lisbon.

Judge Buzzard handed down a $50 fine and suspended a 60-day jail sentence for Charles Phillips, 32, of Youngstown, for harboring and concealing stolen property.

—:—

PRE-SENTENCE investigations and reports were ordered for John W. Labuda, 23, of Pittsburgh and Kathryn Ann Tepsic, 18, of 1294 E. State St., Salem.

Labuda was indicted for a burglary Feb. 26 at the Pearl China Co., East Liverpool. Miss Tepsic admitted attempting to smuggle hacksaw blades concealed in a carton of cigarettes to a County Jail prisoner Jan. 31.

Benjamin R. Phillips, 20, of Canton, formerly of Leetonia RD 1, admitted two burglaries — Nov. 21 at Frank's Ideal Market in New Garden and Nov. 26 at Suburban Market on Newgarden Ave., Salem.

He is already under investigation for probation in Judge Joel H. Sharp's court, where he pleaded guilty last term of court to burglaries at Peoples Lumber Co. and Chappell & Zimmerman in Salem.

Judge Buzzard deferred action on Phillips' request for probation pending completion of the investigation ordered by Judge Sharp.

During Spring Meeting

New Officers Are Named By City's Women's Clubs

Mrs. John W. Brown of Williams Ave. was named president of the City Federation of Women's Clubs during the spring meeting Wednesday night at Mary Patterson Memorial.

Other officers elected were: Miss Selma Ladzinske, first vice president; Mrs. William Blair, second vice president; Miss Karole Kapp, recording secretary; Mrs. Carl Pelini, corresponding secretary, and Miss Luella Thompson, treasurer.

Mrs. Theodore Burke, chairman of the nominating committee, gave the report. The group will be installed at the fall meeting in October.

Miss Betty Buben, president, welcomed members and guests with a spring poem. She announced the Travelers Club had the largest representation. The floral program booklet covers were made by students of the fifth and sixth grades of Jefferson School in Newell.

The project report was submitted by Mrs. Larry Walton, who listed proceeds from the movie screened last fall. Mrs. Marvin Kinsey cited the need of hostesses and women to decorate windows for the Pottery Festival in June.

The program, arranged by the Travelers Club, featured the Beaver Valley Quartet in a humorous operetta, "The Tragical Tale of the Grasshopper" (Randolph and Clokey).

Attired in costumes from the ridiculous to the sublime were Ernest Lowe, Mr. and Mrs. Donald Clark and Mrs. Ed Jamison, who formed the cast, and Jack Pennycook, who was narrator. Mrs. Jane Rife was accompanist.

Following the operetta, Pennycook sang "Somewhere" and "The Hills of Home" and Lowe offered "Minnie the Moocher."

The quartet sang "Happy Wanderer" and "Catch a Fallen Star" and was joined by Pennycook in "I Had a Hat When I Came In."

Decorations were arranged by the Newell Women's Club under the direction of the president, Mrs. J. Carl Durham. The stage was encircled by large musical notes featuring art paper flowers. Ferns were banked in the foreground.

The social hour was handled by the Catholic Women's Study Club, with Mrs. Tad DiLoreto, chairman. The committee included Mrs. J. Fraser Jackson, Mrs. Herbert Plotts, Mrs. Fred Jackson, Mrs. Jess Finley and Mrs. Willis Gaston.

Refreshments were served 75 at a buffet table covered with a pink cloth and centered with a large arrangement of pink and yellow daisies, mums, tulips and baby breath. Pink floral appointments and pink tapers in silver candelabra completed the setting. Miss Buben and Mrs. Kinsey poured at the silver services.

3 Retiring Superintendents Honored At Farewell Dinner

Columbiana County school superintendents and their wives held a farewell dinner party Thursday evening at Holiday Inn, Waterford Park, for three administrators who are retiring this year.

The guests of honor were County Supt. James L. McBride, Supt. D. W. (Del) Bailey of Columbiana and Supt. Harry Laber of East Palestine.

Twenty - five attended the event arranged by Supt. Joe W. Driscoll of Lisbon and Supt. Roy Cashdollar of Beaver Local. The retiring superintendents and their wives were presented gifts.

Among the well - wishers were Mr. and Mrs. Zygmont Rataiczak of Steubenville. He is state coordinator of transportation and finance for Columbiana, Jefferson, Carroll and Harrison counties.

McBride relinquished his title of "dean of superintendents" in the county to Driscoll, who was superintendent of Fairfield-Waterford Local District for 10 years before coming to Lisbon in the fall of 1966.

McBride became superintendent in March 1950, four months before Bailey took the Columbiana post. Laber, East Palestine High School principal since 1941, was appointed superintendent seven years ago.

Supt. Robert Pond of Salem and Rataiczak spoke appreciatively of the retiring superintendents' experienced assistance in school matters.

Rataiczak said the chief school administrators' group which McBride set up in 1955 is unique in the area and perhaps in the state. All the superintendents, city, village and rural districts, hold a monthly luncheon meeting at Lisbon to discuss mutual concerns.

Subdivision Action Asked At Industry

INDUSTRY — Industry Council is considering a change in ordinance specifications to clear the way for additional development of the Sunrise Hills area following a request from a delegation of residents at Wednesday night's meeting.

The group requested Council to take over the streets and Plan 2 of the tract.

Charles Finley, spokesman for the 12-member delegation, was informed the streets at present do not meet borough specifications for subdivision purposes and the borough, therefore, cannot be responsible under the present ordinance.

Council then agreeed to consult with the borough engineer relative to the advisability of changing the wording of the ordinance.

A public hearing will be held May 19 at the fire hall on the subdivision plans.

Matt Yanosich reported an application for funds for property behind the borough building has been sent to the Recreation and Conservation Department at Harrisburg for approval. If approved, the borough will receive one - half the cost of the property from state funds.

James Muns, road chairman, said oiling of roads will begin the last week of May. Council authorized all councilmen to attend the Beaver County Borough Association meeting May 26 at Freedom Hotel in Freedom.

Mayor Steve Suchanek reported 13 complaints, 4 accidents, 3 arrests and 3,084 miles logged on the cruiser. The next regular meeting will be June 4 at the borough building.

350 Slated To Attend East Palestine's Prom

EAST PALESTINE — Some 350 are expected to attend the annual East Palestine High School junior and senior prom Saturday night at high school gym. A dinner will be held at 6, followed by the dance.

A post-prom event will be sponsored by the Kiwanis Club at 12:30 in the high school. At 4 a.m., a joint religious service will be held at Centary United Methodist Church.

Gets $23,933 Grant

COLUMBUS, Ohio (AP)—The Appalachian Regional Commission has awarded a $23,933 grant to the Hocking Valley Community Hospital in Logan.

Albert G. Giles, director of the Ohio Office of Appalachia, said the money wll be used toward building a $102,200 public health clinic on the hospital grounds.

Eisenhower Memorials Being Aired

WASHINGTON (AP) — Congress is considering a growing pile of bills to memorialize Dwight D. Eisenhower. Proposals range from naming the first moon landing site in his honor to putting his picture on the dollar bill in place of George Washington's.

Legislation to honor the World War II commander and 34th president who died March 28 are stacked in Capitol Hill hoppers with 25 bills introduced in the House alone. All are still in committee.

Some call for naming a dam after Eisenhower as well as two airports, the interstate highway system and the moon landing site.

"We've been very honored by all the proposals," said his son, John by telephone from his Phoenixville, Pa., home.

"I don't think it's up to us to recommend anything. I can't see a hunk of marble somewhere, though."

Eisenhower seldom publicly discussed his wishes on memorials.

"That would be the last thing Dad would ever talk about," John said.

But in a speech at the dedication of Eisenhower Park in Newport, R.I., July 22, 1960, President Eisenhower told the crowd: "I am deeply touched by this kind of gracious incident and thought for the simple reason that a name given to a place like this endures."

ANN LANDERS

Seminary And Romance?

By Ann Landers

Dear Ann Landers: I'm 19 and have decided that in September I'll enter the seminary to begin my study for the priesthood. I've thought about this for a long time and it's what I really want.

No problem? Not quite. Since August I've been dating a lovely girl. I love her, Ann, and I know she loves me. How do I tell her of my decision to become a priest? I've tried but nothing can make me say it.

I continue to date her — with lips sealed. I'd like to continue to date her until I leave for the seminary, and of course when I come home for vacations. Am I selfish? Have I really made up my mind? — DILEMMA.

-:-

Dear Dil: I consulted with a Catholic priest who said: The longer you put off telling the young lady of your plans the less chance you have of becoming a priest. Furthermore, my consultants pointed out that you're not only selfish but dishonest. You want the enjoyment of the relationship but not the personal respossibility. The answer to your last question is emphatically NO.

Imaginative Sis

Dear Ann: My sister is a wonderful gal but sometimes she acts as if she has the mind of a peanut. It's hard to believe she went to Wellesley.

Every week or 10 days I get a letter from Sally. I wouldn't dare open the envelope in front of anyone because I never know what will fall out. She's written on brown paper sacks, shirt cards and church bulletins (scrawled in heavy ink over the type!)

Yesterday I received an eight-page letter on paper toweling — the kind you find in a washroom.

I've never said a word about her kooky writing paper but maybe it's time I spoke up. Yes or no? — SICK OF SURPRISES.

Dear S.O.S.: Sally probably enjoyes an offbeat trademark and there's nothing wrong with it — but if it bugs you, send her some stationery. You can buy a big box at the dime store for less than a dollar.

Correct Diagnosis

Dear Ann: You made a grave error and I hope you'll be big enough to admit it. In replying to "St. Louis Woman," you said: "Diabetes is an illness." This is not true. Diabetes is the malfunction of the pancreas gland.

My grandson has diabetes and he is an excellent student and cannot be considered sick by any standard. Doctors also will tell you that diabetics are usually more intelligent than others.

Please print this letter and set the record straight. — UPHOLDER OF ACCURACY.

-:-

Dear Up: Many people who have diabetes function extremely well and do not consider themselves sick. And this is good.

But by definition diabetes is an illness. There actually are two unrelated diseases with the name — diabetes mellitis, caused by the failure of the pancreas to produce insulin; and diabetes insipidus, which is related to a disorder of the central nervous system. The former disease is what is commonly meant by the term diabetes.

As you say, thousands of poeple live happy, productive lives in spite of it, and I'm sure your grandson will do very well.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a long, self-addressed, stamped envelope.

2 Ohio Servicemen Killed In Vietnam

WASHINGTON (AP) — Two more Ohio servicemen have died as a result of recent action in Vietnam, the Defense Department reported Thursday.

Army S. Sgt. Richard W. Householder of Somerset, Perry County, was killed in action. Marine Lance Cpl. Larry D. Stollar of Marietta died of wounds.

ABM Costs May Exceed $13 Billion

WASHINGTON (AP) — A private study indicates the Safeguard antimissile system's ultimate cost may top $13 billion—66 per cent more than official estimates.

Disclosure of the study Thursday prompted immediate assertions, notably by Sen. George S. McGovern, D-S.D., that the maneuvering over Safeguard "has created a credibility gap for the Nixon administration."

The study, by the Defense Marketing Survey, a McGraw-Hill Service for industrial firms, estimated the cost of Safeguard between 1969 and 1975 at more than $11 billion.

The study did not include $1.2 billion to be spent by the Atomic Energy Commission on nuclear warheads and its cost estimates for Safeguard's radar and Sprint missiles were more than $1 billion less than calculated by other experts.

Critics were quick to point out that adding in these figures would bring the total to more than $13 billion, compared with the current official administration estimate of $7.8 billion.

"In a program as complex as Safeguard," the study concluded, "historical experience indicates costs in the long run are likely to be considerably higher."

Sen. McGovern, a leading critic of Safeguard, said "It has not reached the stage yet of the Johnson administration's credibility gap on Vietnam, but it's reaching toward it."

Vice President Spiro T. Agnew, who has been speaking in favor of Safeguard around the country, told Republican governors in Lexington, Ky., last week: "The decision is in your interest as governors—if for no other reason than it is less expensive than the Sentinel system proposed by the previous administration."

If the $13 billion-plus figure is correct, it would put Safeguard costs nearly 50 per cent higher than the $9.4 billion estimated by some Capitol Hill experts as the real cost of the Johnson's Sentinel antimissile system, officially pegged at $5.8 billion.

Defense officials, in appearances before congressional committees, have repeatedly used a $6.6 billion figure as the cost of deploying Safeguard.

But last Monday, the Pentagon, in response to queries, said this failed to include the $1.2 billion for warheads which is carried in the budget of the Atomic Energy Commission.

Peru is starting a long - range plan to clear 3.2 million acres of jungle and resettle 5,250 families, to be farmers.

Woman Begins Term On Forgery Charges

LISBON — Mrs. Bessie May Burkholder, 33, of Unity Thursday began a 1-to-20-year sentence in the Women's Reformatory at Marysville on a forgery charge.

Judge Joel H. Sharp sentenced her April 29 after finding she violated terms of probation granted Jan. 24, 1968. She has five children.

Chief Deputy Sheriff Robert Beresford and his wife Bonnie conveyed the prisoner.

3 Good Reasons to Save at Diversified:

1

5¾% interest paid on one year term certificates. A minimum deposit of $1000 is required, thereafter in increments of $1,000. When held for one year these certificates pay the area's highest rate — 5¾%.

2

5½% interest paid on investor's passbook savings. A minimum deposit of $500 is required. When held for one year this plan pays 5½% compounded quarterly and earned daily. Money may be withdrawn at any time and still earns 5¼%.

3

5¼% on regular passbook savings. Interest is compounded quarterly and earned daily. Which means you can deposit your money today, take it out tomorrow and still get one day's interest. Savings earn from the day of deposit, and withdrawals are penalized only for the amount of the withdrawal and for the number of days remaining in the quarter.

Army Needs Bullets For Enemy Guns

WASHINGTON (AP) — The Army's plan to train recruits in the use of the main infantry rifle carried by the Viet Cong and North Vietnamese has been stalled because of a lack of adequate ammunition.

As one Army training officer said, "procurement is a little slow—we have to capture our supplies from the enemy."

The Army announced last Oct. 8 that Gen William C. Westmoreland, its chief of staff, had instructed training centers to include familiarization with the Russian-designed AK47 assault rifle for recruits.

"In addition to the added touch of realism, this will give the soldier experience in safe handling of enemy weapons which he may find or capture on the battlefield," the October announcement said.

A recent tour of Army bases, however, disclosed the program still isn't off the drawing board. The Army gave this reason why: "The lack of safe certified ammunition has contributed materially to the delay in carrying out the program.

Captured ammunition must be tested and certified by U.S. Army experts as safe for firing by American soldiers, which officers said is a time consuming process.

The Army now reports it has about 40,000 rounds of AK47 ammunition on hand, but needs about 94,000 rounds every three months for the initial phase of training. It is not considered economical to manufacture the comparatively small amount of ammunition needed, the Army said.

Seven months after the program's original launch date, the Army says now it anticipates delivery of an additional 100,000 rounds of AK47 ammo by the end of May. If schedules are met and the bullets pass safety inspection, the Army added, the program will be started by summer.

Also contributing to the delay in carrying out the Westmoreland program is trouble with faulty AK47s. According to the Army, one-third of the assault weapons inspected failed to meet U.S. safety standards.

Intersection Mishap Involves Two Autos

No one was injured in a two-car accident at the intersection of Routes 7 and 558 at East Fairfield Thursday night.

The Ohio Highway Patrol said Martin C. Cannon, 68, of Youngstown drove his 1966 coupe through a red traffic signal on Route 7 and it struck a 1960 sedan operated by Paul H. Conkle, 36, of 424 W. Washington St., Lisbon.

The accident, which occurred at 6:21, is still under investigation.

Denver Show Will Feature Pottery Skills

Members of the International Brotherhood of Operative Potters again will demonstrate the ancient skills of their craft during the 24th annual Union-Industries Show May 16-21 at the Denver (Colo.) Convention Center.

The IBOP members will demonstrate the art of hand decorating ware. At one time, the unionists demonstrated making of ware on the hand jigger—taking raw clay and jiggering it into a finished piece. But that demonstration was dropped with the advent of the automatic jigger in the potterys.

The IBOP said pottery manufacturers and other companies throughout the nation which employ its members have cooperated in making their finished products available for display. The exhibits will range from fine china through semi-vitreous ware to ceramic tile and bathroom fixtures.

The working exhibit will be in charge of Fred Tanner, fifth vice president, Robert Lord, seventh vice president, and S. L. Fullerton, 10th vice president.

E. L. Wheatley, president, and Lester Null, third vice president, are scheduled to be present the opening day of the show.

Hayes Speaks At Dinner

Ohio State Alumni Group Elects Babb As President

Roger Babb was elected president of the Southern Columbiana County Ohio State University Alumni Association during the annual banquet Thursday night at the Country Club.

He succeeds William Kozel Jr., who gave the welcome address and served as master of ceremonies.

Others named to serve with Babb were Charles Lang, vice president; and Mrs. William Bartolovich, secretary - treasurer.

Dr. Bartolovich and Miss Ruth Winland were elected three-year trustee; Dick Beatty and J. Warren Bettis, two years, and Dr. William Sulkes and Kozel, one year. Mrs. Mary Lou Kinsey was chairman of the nominating committee.

—:—

WOODY HAYES, head football coach at OSU, spoke. He was introduced by Dr. R. Jay Kinsey.

On behalf of the association, John Gilkes, a retiring trustee, presented the speaker with an eight - piece setting of pottery on which was inscribed "Coach of the Year" and "Coach of the Rose Bowl Champions."

Also introduced was Lou Holtz, defensive backfield coach under Hayes, a former resident of East Liverpool. His wife Beth was presented the floral centerpiece.

An award was presented Kenneth Koos of East Liverpool in recognition of his 50th year as an alumnus. He was graduated with the class of 1919, and will attend the 88th annual supper at the university on May 24.

Mike Cloran was recognized for his 52nd year as an alumnus.

—:—

OTHER GUESTS introduced were Dan Heinlen and Tom Wheeler, representatives from the university, and Dr. Arthur Nicolette, a member of the Mahoning Alumni Association.

Heinlen gave the campus report and also the development fund report.

Closing remarks were given by Kozel. The singing of the "Alma Mater" was led by Dr. Kinsey. Dr. E. C. Traylor, minister of the First Church of Christ, voiced the invocation and benediction.

The decorating committee included Mrs. Norma Beatty, chairman, Mrs. Patty Lang and Mrs. Kozel. Some 160 attended the event.

The Nicolitans mentioned in the Bible were followers of Nicolaus, one of the early deacons appointed in the church at Jerusalem. Early church tradition apostate and founded the sect, which became heretical.

Pottery Union Selects 3 For Scholarships

The International Brotherhood of Operative Potters today named high school seniors in New Jersey, Illinois and California as winners of the annual E. L. Wheatley college scholarships.

Worth $500 annually for four years at any qualified university or college, the awards went to:

Fred H. Bowers of Lambertville, N. J., son of Howard S. Bowers, who is a member of IBOP Local 49 in Trenton, N.J.

Becky Lou McIntosh of Robinson, Ill., daughter of Virgil L. McIntosh, who is a member of Local 177 in Robinson.

Inese Birznieks of Pomona, Calif., daughter of Jekabs Birznieks, a member of Local 319 in Pomona.

It's the fourth year of the scholarship program which was initiated in honor of the IBOP's long - time president. Sons and daughters of the union's members are eligible. George Barbaree, the union's international secretary - treasurer, is administrator of the fund.

The winning scholars were chosen on the basis of competitive examinations given by the Educational Testing Service, in addition to their personal high school records and evaluation of their ability by their high school counselors.

The selections were made by a committee comprised of Dr. Herbert Levine of Rutgers University, Howard B. Twitchell, Barbaree and George Smith, the IBOP's ninth vice president. The selections were ratified by the union executive board.

West End Fracas Hurts City Youth

A 15-year-old boy was treated at City Hospital Thursday afternoon for injuries suffered in a peculiar fracas in West End and a Marine Corps veteran of Vietnam was accused of striking the boy, police reported.

Police identified the injured boy as David Morgan of 739 Chester Ave. They said Richard Payne, 20, of Riverside Park was accused of assault on a juvenile. Patrolman Karl Samples, who invtstigated, gave this account:

Samples was dispatched at 12:54 on a report a group of youngsters was fighting at Westgate School. He noted a group of young people in front of a store on Fairview St. He said he found the boy had been injured and the other youngsters said the Marine had hit the boy. He cited the adult and took the boy to the hospital for treatment.

Payne told the officers he noted a fight was about to break out in front of his mother-in-law's home and he attempted to halt it. He said the youngsters cursed him and used vile language and one boy threatened to strike him with a soft drink bottle.

He said all the youths began shouting that they were going to "gang up on him." He said someone grabbed his shirt from the rear and he turned and shoved David away. He said the boy grabbed him and he then struck the Morgan boy.

Mist Sniffing Claims Lives Of 42 Youths

WASHINGTON (AP) — Forty-two youngsters looking for kicks in the common spray can have died after inhaling the mists from such products as mouthwashes and cleaning fluids, according to the Food and Drug Administration.

Victims were mostly teenagers, but one was only 11 years old, an FDA spokesman said.

"These kids apparently have been spraying products into plastic bags and then sniffing them," reported Joshua Zatman, the FDA's assistant commissioner for education and information.

"Then if they don't withdraw their heads fast enough, they die.

"It causes some dizziness and some elation with one breath, but if they take two or three breaths it freezes their esophagus, congests their lungs, causes asphyxia. It kills."

Zatman said the effect of inhaling the sprays is "what doctors call mildly hallucenogenic. It is the same effect you get when you drink a couple of ounces of bourbon or scotch in a hurry."

The lethal element in most of the sprays, he said, is Freon 12—an inert gas used to propel the products from cans.

Deadline Is Set On Boat Storage

June 1 will be the deadline for lessees to obtain the same boat storage spaces used last year along the Ohio River front, Fire Chief Alfred Van-Dyne, representing the Park Commission, has announced.

After June 1, all boat spaces will be opened to the public, he said.

Permits will be issued from the mayor's office in City Hall and the lessee will be responsible for clearing the area, Van Dyne said.

Areas for dock space will be designated by the Park Commission. The fee is $2 per boat for 15 feet of dock space frontage and $5 to those residing outside the city. The rental will be for a five-month period — from May 1 to Oct. 1.

Political 'Who's Who' Lists Sen. Applegate

STEUBENVILLE — State Sen. Douglas Applegate of Steubenville of the 30th District has been selected to be listed in the second edition of "Who's Who in American Politics."

The book is published by the R. R. Bowker Co. of Tempe, Ariz., and the Advisory Committee that selects the names which appear is comprised of prominent national figures, including Sen. Edward Brooke of Massachusetts, Sen. Warren Magnuson of Washington, Gov. Richard Hughes of New Jersey and Gov. Ronald Reagan of California.

Applegate, who in 1965 was selected to be listed in the U.S. Junior Chamber of Commerce edition of "Outstanding Young Men of America," is serving his first term in the Ohio Senate after completing four terms in the Ohio House of Representatives.

HINTS FROM HELOISE

Garage Floor Rusty?

DEAR HELOISE: We recently bought a home and here's my problem. . .

Our garage floor is concrete. Previous owners had left an old car on blocks in the garage for many months and the battery corroded, leaving a huge rust stain on the floor.

Heloise

I've tried just about everything to remove this stain with absolutely no luck. Any ideas?

HAL.

DEAR HAL: If a rusty car radiator will cause leaks, it will frequently cause this same stain.

Get some LIQUID rust remover from your grocery store (or drug store) and pour a little of it, full strength, onto the spot. Then, just as soon as the rust begins to dissolve, flush the stain first with water, and then with some vinegar water —(half water and half vinegar). This will counteract the working of the acid.

It may require more than one application, but you'll soon find your stain gone.

HELOISE.

DEAR HELOISE: For those of you who must go to the laundromat, the handiest way to take detergent is in a one-pound coffee can marked with ridges on the can. (Look at your can and measure the ridges with water first. You'll see.)

From ridge to ridge it's exactly one cup, and it's a great deal easier than carrying a load of wash and a five-pound box.

Mrs. H. B. Shaw.

Letter Of Laughter

DEAR HELOISE: Television has more qualities than were intended. . . Whenever I feel grouchy and want to tell someone to "shut up," I wait until someone on TV has their mouth OPEN, then I push the "off" button. . .

It hurts no one's feelings and sure makes me feel better!

HAPPY.

DEAR HELOISE: When you are out with a partially blind person, it is helpful if you wear light-colored clothing—white hat or white coat. And you should walk in front of them when in shopping areas or even taking a walk.

The light clothing gives the person who can't see well something to follow and go by.

WINIFRED HALL.

DEAR HELOISE: A dog in our neighborhood has been knocking down our garbage can for the past few nights.

I got tired of picking up garbage, so I took one of my Mom's old broom handles and drove it into the ground about a foot. Then I set the garbage can down over it allowing the broom handle to go thru the handle of the can itself.

I haven't had to pick up garbage since. . .

DONALD PEAS
Age 12

-:-

Donald, you are a precious son. Bet your mom and pop are mighty proud of you.

I sure am.

Heloise.

DEAR HELOISE: Don't throw away those paper tablecloths you buy for children's birthdays before you take a good look at them.

Most of the time the unused parts or borders that hang below the table top, are free of stains and have all the pretty designs on them.

These make lovely, strong paper napkins. (Even cute placemats.)

Just mark off the size you want and cut with your pinking shears. You'll have a dozen or more pretty napkins for family use.

Sure makes you feel like you've gotten your money's worth.

MRS. R. D. MAGILL.

Hearings Slated For 3 Motorists

Municipal Court hearings are slated Monday for three motorists cited by East Liverpool police Thursday night.

The defendants are:

Lawrence E. Gill, 22, of 940 Fairview St., cited at 10:20 on Walnut St. on a charge of operating an auto with a faulty exhaust; Henry Hornbeck, 20, of E. 4th St., arrested at 7:45 on a charge of crashing a traffic light at E. 6th St. and Broadway, and Robert F. Miller, 19, of New Cumberland RD 2, cited at 6:48 at E. 3rd and Walnut Sts. for operating a vehicle with a faulty exhaust.

James Jesse Taylor of 1925 Smithfield St. also is due for a hearing Monday on an intoxication charge. He posted a $32.50 bond after he was cited in Green Ln. Thursday by Patrolman Karl W. Samples and Charles A. Winters.

Municipal Court was not in session today because Judge Samuel M. Chertoff was attending a meeting at Columbus.

Pending Cases Slashed In April

LISBON — Columbiana County Common Pleas Court reduced the number of pending cases from 849 to 832 during April.

The judicial business report prepared by Clerk of Courts Carl L. Stacey for the Ohio Supreme Court shows 95 new cases, including 41 divorce actions, were filed last month.

During the same period, the two courts disposed of 112 cases, including 72 divorces, for a net gain of 17 cases.

An analysis of dispositions shows 58 cases tried to court, five cognovit and default judgments and 27 cases settled or dismissed.

Ten county cases are pending before the Seventh District Court of Appeals.

Event To Begin Sunday

Local Program Readied For National Police Week

Fraternal Order of Police Lodge 29 is putting the finishing touches on a program for the local observance of National Police Week beginning Sunday.

A display will be arranged over the weekend in one of the windows at the D. M. Ogilvie Co. store. It will include a mannequin dressed in police uniform, photos of traffic accident scenes and a weapons display loaned by Sheriff Russell J. Van Fossan's office at Lisbon.

Monday through Wednesday, officers will visit Westgate, East Junior High School and the high school to screen a film and present talks on drug abuse.

—:—

THE ANNUAL police Officers Memorial Day will be observed in a ceremony Thursday at 10 a.m. at the World War II memorial in front of City Hall. The program is held annually in memory of officers who have lost their lives in line of duty. The FOP will present a memorial ritual.

Mayor George E. Willshaw and Judge Samuel M. Chertoff have been asked to speak briefly. The department has sent invitations to the Midland and Chester police departments, the Columbiana and Hancock County sheriff's departments and the Ohio Highway Patrol post at Lisbon.

Each department has been asked to send a uniformed representative to the ceremony. The officers will be introduced and their departments will be identified. Patrolman Charles Coen, FOP president, said the public is invited. Coffee and doughnuts will be served.

—:—

THE FOP also plans a "surprise" presentation honoring several police officers. W. 6th St. traffic will be banned from Jackson St. to the Diamond during the ceremony. All East Liverpool police officers will be present in uniform, off-duty men as well as those on duty.

Following the ceremony, the lodge will place permanent bronze markers on the graves of each deceased East Liverpool officer.

The FOP also is scheduled to participate in a "B-Line" program on WOHI as part of the observance. Coen said further events may be planned for Friday and Saturday, rounding out the week's observance.

Workers Install Warning Signs

Ohio Highway Department crews Thursday installed new school warning signs along Route 7 in the Beaver Local High School area.

Supt. Roy Cashdollar said the department has also advised him the present blinker light at the school driveway will be moved 1,000 feet south to provide earlier warning of the school zone.

Four Beaver Local High School students were injured in a three-vehicle collision at the entrance Tuesday when a truck hit a stopped auto of a student.

A large number of students and some teachers subsequently signed petitions to be sent to state officials asking for strict enforcement of speed limits and changes at the Route 7-30 intersection south of the school.

Supt. Cashdollar said a representative of the state highway department consulted with him prior to the petition action, and instituted action to have the warning signs erected and the blinker light changed.

Nurses Aides Employed At County Home

LISBON — The Columbiana County commissioners Thursday employed two nurses aides for the County Home at the request of W. E. (Bill)) Hiscox, acting superintendent.

Margaret L. Pierce of Lisbon RD 3 began work yesterday and Vera M. Powell of Lisbon RD 5 will begin May 22. Both will receive $231 per month.

Joseph and Rosemond Mattevi of Lisbon RD 4, who were appointed County Home superintendent and matron July 27, 1967 visited the commissioners yesterday to tell them they are still interested in the positions as soon as the legal barriers are removed. The Mattevis said circulated reports they are no longer interested in the posts are untrue.

Their appointments were effective Aug. 15, 1967, but acting Supt. Robert W. Boyce and his wife Gladys, the matron, went to court to retain the positions given them under provisional appointment in 1965.

Earlier this year, the Boyces appealed to the Ohio Supreme Court from a Seventh District Appellate Court ruling that the commissioners had the right to give the jobs to the Mattevis.

The situation became more involved last December when the commissioners suspended Boyce until July 1 for alleged inefficiency, particularly in the farming operation, after a cow and two calves were found dead in a field.

Hiscox was appointed acting superintendent during the suspension and his wife Mildred was employed as a clerk at the home.

Details on the master die of the Lincoln penny have been sharpened noticeably for the first time since the coin originally was struck in 1909. A heavy workload slowly obliterated details on the old die. The features became flat and lifeless.

Ack Ack Favorite

Withers, Illinois Derby Highlight Saturday Races

By The Associated Press

Cain Hoy Stable's Ack Ack, who passed a Kentucky Derby test but then was kept out of school, will take his examination for the Preakness Saturday.

Ack Ack won the one-mile Derby Trial but was held out of the 1¼-mile Derby. However, an impressive victory in the $50,000-added Withers, also one-mile, at Aqueduct should earn him a trip to Baltimore for the 1 3-16-mile Preakness, the second leg of the Triple Crown, May 17.

Osmer S. Deming's Rooney's Shield, a good fourth in the Wood Memorial and Locust Hill Farm's Tyrant also will be trying to earn Preakness shots in the 94th running of the Withers. Neither ran in the Derby.

The seven other probables in the Withers field are Aisco Stable's Prevailing, Clairborne Farm's Blade, Celestino Dilibero's Lion Sleeps, Dot Ed Farm's Dot's Imp, C.P. Kimmel's I Found Gold and C.V. Whitney's True North.

Each starter will carry 126 pounds.

The closing day feature at Sportsman's Park—the $75,000-added, 1⅛-mile Illinois Derby—also will feature 3-year-olds, with Ogden Phipps' King of the Castle heading an expected field of 12.

King of the Castle, the Louisiana Derby winner, will be co-highweighted at 126 pounds with Clifford Scott's and Omy Spitzer's Trusty Pro, winner of the Illinois Derby Trial. Other probables include Mr. and Mrs. Charles Chaplin's Indian Emerald, 124, and Verne H. Winchell's King Loma, 119.

Grass runners will go in the $50,000, 1½-mile Dixie Handicap at Pimlico, with a field of 12 likely.

Gustave Ring's Czar Alexander, second in the 1968 Washington, D.C., International and second in the Hialeah Turf Cup in his best showing in two starts this year, has been assigned top weight of 122 pounds. Barney Lobel's French-bred Taneb, victory in the San Luis Rey, gets the second highest impost of 117.

Patrick Madden's Pink Pigeon, highweighted at 126 pounds; N.S. McCarthy's Time to Leave, 121, and William Haggin Perry's Desert Law, 117, top a probable field of nine fillies and mares for the $30,000-added Long Beach Handicap over one mile on the grass at Hollywood Park.

In a pair of $25,000-added events, Berry Path heads a field of 12 entered for the five-furlong Juvenile Dinner Stakes at Golden Gate Fields and Iron Ruler is the early choice among 10 probable for the 1 1-16-mile Valley Forge Handicap at Garden State Park.

Texas Open First Round Washed Out

SAN ANTONIO, Tex. (AP) — The troubled Texas Open, plagued with dropouts, threatened by a tornado and buffeted by a violent, damaging thunderstorm, tried again today to get in the first round of the $100,000 golf tournament.

The 7,138 yard, par 71 Pecan Valley Country Club course still was heavy, soggy and waterlogged today when the first in the field of 155 got away.

A raging storm Thursday washed out the scheduled first round, turned the lush course into a quagmire and forced tournament officials to do some fast rescheduling.

Single 18 hole rounds now are scheduled today and Saturday, with a 36-hole windup Sunday.

Torrential rains, accompanied by gale-force winds, golf-ball size hail, thunder and lightning pounded the course and sent the pros and spectators scurrying for any shelter available.

Chi Chi Rodriguez, who won the tournament the last time it was played, in 1967, scampered to a tin-roofed golf cart shed on the course.

"This tin roof," the little Puerto Rican said, "I never hear so much noise in all my life."

No one had completed 18 holes when the storm struck.

Frank Beard and U.S. Open champion Lee Trevino retained their roles as favorites in the field that is lacking such big names as Arnold Palmer, Jack Nicklaus, Gary Player, Billy Casper and Julius Boros.

Aqueduct Employes Stop Protest

NEW YORK (AP) — Normal operations resumed today at the Aqueduct race track after settlement of a pension dispute which led to a nine-day shutdown at the nation's largest thoroughbred plant.

Members of the Horsemen's Benevolent and Protective Association voted Thursday to end their boycott in compliance with a temporary restraining order obtained by the State Attorney General. A hearing on a permanent injunction sought by Attorney General Louis Lefkowitz will be held Tuesday.

The HBPA had voted on April 25 to boycott the entry box to press demands for state aid in financing a $1.3 million pension plan for backstretch employees. Both Gov. Nelson Rockefeller and the State Racing Commission have promised an immediate investigation into the possibility of increasing purses.

Racing was resumed at Aqueduct Wednesday with horses supplied by the American Trainer Association and dissatisfied members of the HBPA. Fotry persons were arrested during a disturbance that caused cancellation of the first race. There were no incidents Thursday.

Earl Weaver of the Baltimore Orioles is 38 and the youngest manager in the American League.

Hall First Westerner On NHL All-Star Team

NEW YORK (AP) — Goalie Glenn Hall of the St. Louis Blues today became the first player in the National Hockey League's expansionist West Division to be named to the league's annual All-Star team.

Hall was named to the NHL's first All-Star team for a record 11th time in balloting by three members of the National Hockey League Writers Association in each of the 12 league cities.

The veteran goalie, who shared the Vezina Trophy for fewest goals allowed with teammates Jacques Plante, polled 115 points, 13 more than Ed Giacomin of New York, in the closest race in the voting.

Joining Hall on the first team were center Phil Esposito and defenseman Bobby Orr of Boston, left wing Bobby Hull of Chicago, right wing Gordie Howe of Detroit and defenseman Tim Horton of Toronto.

Orr came closest to being a unanimous choice, getting 176 of a possible 180 points. Hull had 175, Esposito and Howe 174 each and Horton 123.

Three Montreal players, center Jean Belivau, right wing Yvan Cournoyer and defenseman Ted Harirs, were picked for the second team along with Giacomin, defenseman Ted Green of Boston and left wing Frank Mahovlich of Detroit.

Selection to the first team carries with it a $2,000 bonus from the league while second-team members receive $1,000 each.

Potter Team Batting .341 Cunningham At .442

Dan Cunningham has raised his average to .442 to take the lead in hitting on the East Liverpool High baseball team.

Jim Musuraca is hitting .468, but has been to bat only 32 times in 15 games. John Haney, who was leading the team at .437, has fallen off to .426.

The Potters as a team have hit .414 in the playoffs to raise the team batting average to .341. All the regulars except Randy McVay and Jim Massey are hitting at least .308 and no one is under .279.

Tom Chambers has the most RBIs, 18; the most stolen bases, 9; and is tied with Cunningham for the most runs scored, 17. Cunningham has the most doubles, 6; the best slugging percentage, .678 and is tied with McVay with two home runs.

W. Va. Derby Purse Upped To $25,000

For the first time in its history, Waterford Park will stage a $25,000 added stakes race when the West Virginia Derby is run Aug. 15.

The announcement was made by General Manager Howard S. Graham who said that Waterford would present seven stakes races this season.

"After last year's record handle and attendance," Graham said, "we are going to go all out in an effort to bring even better racing to the tri - state area. We have completely revamped our entire purse structure and are currently awarding more money to horsemen than ever before. Additionally, we have already taken steps to present the kind of racing that the fans like to see. We are going to run more races at longer distances than ever before.

"For the remainder of the spring session and continuing through the summer and fall sessions, we are hopeful that we will be able to eliminate from our racing schedule the short, abbreviated type of sprint races that used to be so predominant here. We plan on using many more races at six furlongs and others at a mile or over," Graham explained.

Grass racing, the top favorite with the nation's racegoers, is expected to get under way by mid-May. Waterford Park has one of the finest turf courses in the country and it is rated as one of the nation's safest and fastest.

Waterford will kick off its 1969 stakes schedule with the $10,000 added Waterford Mile June 13.

The $5,000 West Virginia Derby Prep will be run Aug. 8, just a week before the Derby.

Following the Derby, the track will present the $10,000 added Ceramic Valley Handicap Sept. 19; the $10,000 added Ohio Valley Futurity Oct. 17; the $7,500 added West Virginia Oaks Nov. 14 and the $7,500 added Audley Handicap Nov. 28.

To date, Waterford Park is averaging 3,820 fans per program, up 1.5 per cent over last year's 3,763. In betting, the nightly average is $311,301, up 6.5 per cent over last year's $292,248 for the same period.

Beaver Local Banquet Set For Tuesday

Plans have been completed for the 10th annual all - sports banquet of Beaver Local School District Tuesday night at 6:30 at the high school on Route 7.

The dinner committee of the Beaver Local Boosters Club finished the plans during a meeting Thursday at the home of Mrs. Dale A. Diddle of Calcutta.

The program will be marked by presentation of trophies, letters and other awards for participants in golf, track, basketball and wrestling. No speaker is scheduled. Three hundred reservations have been made to date.

Assisting with the arrangements are Mrs. Dorothy Williams, Mrs. Alice Diddle and Mrs. Ruth Jenkins.

During Spring Meeting

New Officers Are Named By City's Women's Clubs

Mrs. John W. Brown of Williams Ave. was named president of the City Federation of Women's Clubs during the spring meeting Wednesday night at Mary Patterson Memorial.

Other officers elected were: Miss Selma Ladzinske, first vice president; Mrs. William Blair, second vice president; Miss Karole Kapp, recording secretary; Mrs. Carl Pelini, corresponding secretary, and Miss Luella Thompson, treasurer.

Mrs. Theodore Burke, chairman of the nominating committee, gave the report. The group will be installed at the fall meeting in October.

Miss Betty Buben, president, welcomed members and guests with a spring poem. She announced the Travelers Club had the largest representation. The floral program booklet covers were made by students of the fifth and sixth grades of Jefferson School in Newell.

The project report was submitted by Mrs. Larry Walton, who listed proceeds from the movie screened last fall. Mrs. Marvin Kinsey cited the need of hostesses and women to decorate windows for the Pottery Festival in June.

The program, arranged by the Travelers Club, featured the Beaver Valley Quartet in a humorous operetta, "The Tragical Tale of the Grasshopper" (Randolph and Clokey).

Attired in costumes from the ridiculous to the sublime were Ernest Lowe, Mr. and Mrs. Donald Clark and Mrs. Ed Jamison, who formed the cast, and Jack Pennycook, who was narrator. Mrs. Jane Rife was accompanist.

Following the operetta, Pennycook sang "Somewhere" and "The Hills of Home" and Lowe offered "Minnie the Moocher."

The quartet sang "Happy Wanderer" and "Catch a Fallen Star" and was joined by Pennycook in "I Had a Hat When I Came In."

Decorations were arranged by the Newell Women's Club under the direction of the president, Mrs. J. Carl Durham. The stage was encircled by large musical notes featuring art paper flowers. Ferns were banked in the foreground.

The social hour was handled by the Catholic Women's Study Club, with Mrs. Tad DiLoreto, chairman. The committee included Mrs. J. Fraser Jackson, Mrs. Herbert Plotts, Mrs. Fred Jackson, Mrs. Jess Finley and Mrs. Willis Gaston.

Refreshments were served 75 at a buffet table covered with a pink cloth and centered with a large arrangement of pink and yellow daisies, mums, tulips and baby breath. Pink floral appointments and pink tapers in silver candelabra completed the setting. Miss Buben and Mrs. Kinsey poured at the silver services.

3 Retiring Superintendents Honored At Farewell Dinner

Columbiana County school superintendents and their wives held a farewell dinner party Thursday evening at Holiday Inn, Waterford Park, for three administrators who are retiring this year.

The guests of honor were County Supt. James L. McBride, Supt. D. W. (Del) Bailey of Columbiana and Supt. Harry Laber of East Palestine.

Twenty - five attended the event arranged by Supt. Joe W. Driscoll of Lisbon and Supt. Roy Cashdollar of Beaver Local. The retiring superintendents and their wives were presented gifts.

Among the well - wishers were Mr. and Mrs. Zygmont Rataiczak of Steubenville. He is state coordinator of transportation and finance for Columbiana, Jefferson, Carroll and Harrison counties.

McBride relinquished his title of "dean of superintendents" in the county to Driscoll, who was superintendent of Fairfield-Waterford Local District for 10 years before coming to Lisbon in the fall of 1966.

McBride became superintendent in March 1950, four months before Bailey took the Columbiana post. Laber, East Palestine High School principal since 1941, was appointed superintendent seven years ago.

Supt. Robert Pond of Salem and Rataiczak spoke appreciatively of the retiring superintendents' experienced assistance in school matters.

Rataiczak said the chief school administrators' group which McBride set up in 1955 is unique in the area and perhaps in the state. All the superintendents, city, village and rural districts, hold a monthly luncheon meeting at Lisbon to discuss mutual concerns.

Subdivision Action Asked At Industry

INDUSTRY — Industry Council is considering a change in ordinance specifications to clear the way for additional development of the Sunrise Hills area following a request from a delegation of residents at Wednesday night's meeting.

The group requested Council to take over the streets and Plan 2 of the tract.

Charles Finley, spokesman for the 12-member delegation, was informed the streets at present do not meet borough specifications for subdivision purposes and the borough, therefore, cannot be responsible under the present ordinance.

Council then agreeed to consult with the borough engineer relative to the advisability of changing the wording of the ordinance.

A public hearing will be held May 19 at the fire hall on the subdivision plans.

Matt Yanosich reported an application for funds for property behind the borough building has been sent to the Recreation and Conservation Department at Harrisburg for approval. If approved, the borough will receive one - half the cost of the property from state funds.

James Muns, road chairman, said oiling of roads will begin the last week of May. Council authorized all councilmen to attend the Beaver County Borough Association meeting May 26 at Freedom Hotel in Freedom.

Mayor Steve Suchanek reported 13 complaints, 4 accidents, 3 arrests and 3,084 miles logged on the cruiser. The next regular meeting will be June 4 at the borough building.

350 Slated To Attend East Palestine's Prom

EAST PALESTINE — Some 350 are expected to attend the annnual East Palestine High School junior and senior prom Saturday night at high school gym. A dinner will be held at 6, followed by the dance.

A post-prom event will be sponsored by the Kiwanis Club at 12:30 in the high school. At 4 a.m., a joint religious service will be held at Centary United Methodist Church.

Gets $23,933 Grant

COLUMBUS, Ohio (AP)—The Appalachian Regional Commission has awarded a $23,933 grant to the Hocking Valley Community Hospital in Logan.

Albert G. Giles, director of the Ohio Office of Appalachia, said the money wll be used toward building a $102,200 public health clinic on the hospital grounds.

Eisenhower Memorials Being Aired

WASHINGTON (AP) — Congress is considering a growing pile of bills to memorialize Dwight D. Eisenhower. Proposals range from naming the first moon landing site in his honor to putting his picture on the dollar bill in place of George Washington's.

Legislation to honor the World War II commander and 34th president who died March 28 are stacked in Capitol Hill hoppers with 25 bills introduced in the House alone. All are still in committee.

Some call for naming a dam after Eisenhower as well as two airports, the interstate highway system and the moon landing site.

"We've been very honored by all the proposals," said his son, John by telephone from his Phoenixville, Pa., home.

"I don't think it's up to us to recommend anything. I can't see a hunk of marble somewhere, though."

Eisenhower seldom publicly discussed his wishes on memorials.

"That would be the last thing Dad would ever talk about," John said.

But in a speech at the dedication of Eisenhower Park in Newport, R.I., July 22, 1960, President Eisenhower told the crowd: "I am deeply touched by this kind of gracious incident and thought for the simple reason that a name given to a place like this endures."

Friends may call at the Mowery - Trowbridge Funeral Home in Paden City after 7 tonight.

New Contest Action Taken By Smoleski

A second amended notice of contest has been filed by Lou Smoleski in the disputed Hancock County sheriff's race.

The action was taken Thursday afternoon by William Conklin of Chester, counsel for Smoleski.

The petition contends that 301 ballots of Precinct 32 which were ordered thrown out by the West Virginia Supreme Court last February be declared valid.

It maintains that the errors committed by the poll workers in that precinct were "honest mistakes" and there was no intention of fraud.

There were 776 ballots cast in Precinct 32, of which 45 were not contested in the Supreme Court procedings in a petition filed by Republican Ralph Patrick. This left 731 ballots subjected to litigation.

According to the Supreme Court opinion, the ballots were signed by some of the election officers who were appointed in one capacity but acted in another.

Smoleski contends there is no evidence of fraud in connection with any of the ballots signed by the election officers and, therefore, the ballots should be counted.

The Hancock commissioners, on a mandate by the Supreme Court, reconvened last Feb. 10 as a board of canvassers to follow the high court's ruling that the 475 ballots cast in Precinct 32 on Weirton Heights in the November general election be recounted.

Of the 475 ballots cast in Precinct 32, 301 were voided because they were not signed by the duly-qualified poll workers. The recount gave Patrick a 52-vote victory instead of a 27-vote defeat.

Meanwhile, poll workers in Precinct 32 were subpoenaed today to testify as the election contest notice moved into its final hours by the commissioners.

The notice must be completed by Saturday. The commissioners, in agreement with council for both Smokeski and Patrick, announced the deadline has been set for 5 p. m.

Conference Set On Wellsville's Inspection Plan

A meeting of all food service and vending machine operators in the Wellsville Health District has been scheduled Monday night at 7 at Wellsville High School.

John Frazier, sanitarian of the Ohio Health Department, announced the meeting in connection with the state health department's assuming inspection responsibilities in the Wellsville health district.

Frazier is the sanitarian in charge of the Food Inspection Unit of the Division of Sanitation of the state department.

In a letter sent to food service and vending machine operators, Frazier said state law provides that the state department take responsibility for inspection when the state director determines the operations are not being properly inspected by the local health department. A state sanitarian will now inspect such operations, Frazier said.

He said the meeting at the visual education room at the high school will be to acquaint the operators of the situation and explain what will be required under regulations.

Charge Is Filed After Autos Hit

A Wellsville area woman filed charges against the driver of another vehicle after an accident in Wellsville Thursday at 12:45 p.m.

Marian L. Patterson of 1026 Pleasant Valley Rd., Wellsville, was pulling out of a parking place when her auto was struck by a vehicle driven by Jimmy Fraser of 405½ Main St., Wellsville as he was pulling his auto into the parking space.

The Patterson woman has charged reckless operation against Fraser. His hearing has been set for Saturday morning in Mayor William Daugherty's court.

A driver blamed "grabbing" brakes for an accident on 3rd St., Wellsville, Thursday at 8:30 p.m.

Roy E. Anthony, 24, of Wellsville RD 1 told police an unidentified car stopped suddenly in front of his 1961 sedan and as he applied his brakes they grabbed and his car spun around, striking a parked 1968 sedan belonging to Robert Wetzel of 401 5th St., Wellsville.

Police did not issue a citation.

Fred J. Hacker Jr. of Enon, Pa., driving an Armour Packing Co. truck from Beaver Falls, stepped on his brakes at the intersection of Clark Ave. and 18th St. and his truck slid into a 1964 sedan operated by Frank D. Thompson Jr. of 1529 Main St., Wellsville.

June 20 Deadline Faces Aspirants In Expense Lists

Candidates and committees have until June 20 at 4 p.m. to comply with a state law that requires detailed reports on campaign receipts and expenditures related to the primaries Tuesday, Miss Rebecca Resnick, director of elections at the County Election Board, reminded today.

The reports are required of all candidates, whether or not they were successful, and from committees which supported or opposed any individual or issue.

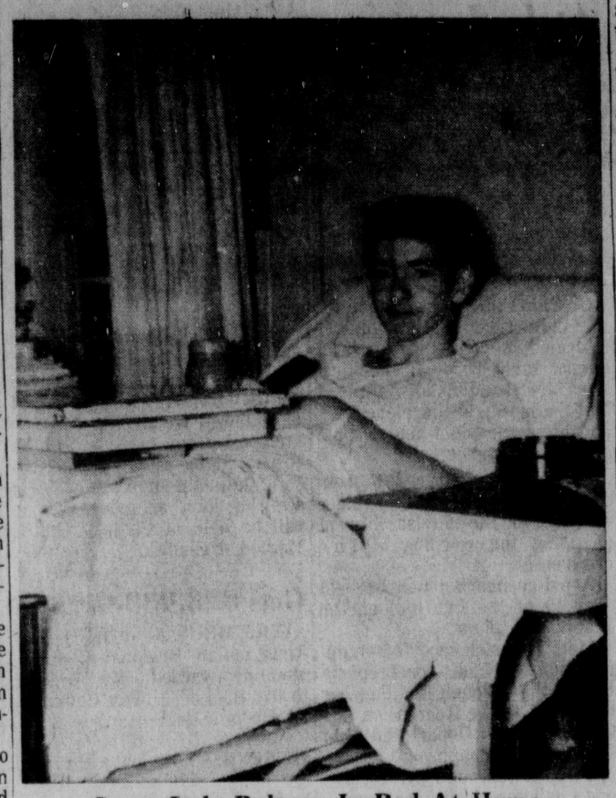

The sworn statements must show receipts, expenditures, any unpaid bills or obligations and any unspent campaign funds and the intended disposition. Receipts must be furnished for any expenditure over $25.

If a candidate fails to file a report prior to the deadline, state law bars him from running for public office for a minimum of five years. In the case of a successful candidate, the board cannot issue a certificate of nomination, which bars the aspirant from a ballot place for tht general election.

Filing Deadline Near At New Cumberland

NEW CUMBERLAND — Residents were reminded today of the Saturday deadline for filings in the general election to be held here June 10.

Drive Aids Youth

Jerry Lyle Relaxes In Bed At Home.

A fund drive has been launched to aid a 17-year-old city youth who has been in a leg cast since he suffered a severe injury in a Freeway auto accident June 21, 1968

Jerry Lyle, brother of John Lyle of 1216 Avondale St., is currently in Rochester General Hospital where he is scheduled for corrective surgery soon.

The dark - haired, 5-foot-7 youth was in City Hospital for months after the mishap on the Freeway near the city limits. He was a passenger in an auto which turned over, claiming the life of another boy.

The youth has been residing with his oldest brother who is an auto salesman at the M. & A. Motors Co. A sophomore when the mishap occurred, Jerry has not been able to receive any further schooling, but arrangements are being made for him to be tutored in the future.

Harvey Kirchner of Dewey Ave., a warehouseman at the Hall China Co., and others interested in assisting in payment of the large hospital bills which are still mounting are seeking contributions for the youth.

—:—

THE REV. Jonathan M. McKeown of the Oakland Free Methodist Church and others in the church along with Kirchner are serving as sponsors of the campaign for the funds.

Employes of the Hall China Co. have already offered various amounts of money to Kirchner, he said, but he is reluctant to accept the responsibility, so he decided to have the church group act as the drive sponsor.

Jerry is the son of Mrs. Betty Lyle of Tallahassee, Fla., and the late Oscar Lyle.

His hobbies are sports and poetry, and he plans to become a draftsman after completing his high school education. At present, he spends his time in the hospital reading and writing letters.

Besides helping to keep Jerry, John Lyle has a family of four —his wife and three daughters —and cares for two other brothers, Archie, 7, and Chuckie, 5, and three sisters, Sally, 14, Janie, 10, and Sandy, 9 at the home. There are two other brothers, Ross Lyle of Harker Ave. and Jay Lyle in the Army.

Rev. McKeown and Kirchner have established a special fund in a bank, and reserved a post office box to receive any contributions. Payments to the hospitals will be made from the fund.

Contributions may be mailed to "Jerry Lyle Fund," Post Office Box 1381, Station A, East Liverpool.

Board Completes Task

Official Count Confirms Results Of City Primaries

Results of the municipal primary elections were confirmed Thursday afternoon when the Columbiana County Election Board completed its official canvass of the returns.

The totals showed slight deviations in some cases from the unofficial tabulation completed Tuesday night, but there was no material change in the results. The official canvass figures will be certified to Secretary of State Ted W. Brown at Columbus.

—:—

THE OFFICIAL count was finished by mid - afternoon — one of the quickest tabulations of its type on record. The same task sometimes requires two days or more when a general election — with many more issues and candidates — is involved.

The canvass also showed a slight increase in both the affirmative and negative votes on the East Liverpool School District 11-mill levy. There was a slight drop in the affirmative and a small boost in the negative on the district's 1-mill levy.

Following are the official canvass figures on the political races and the levy:

Two Youths Deny Setting Of Fire

LISBON — Two 14 - year - old East Liverpool boys entered denials in Juvenile Court this morning to complaints they set fire to a vacant house at Walters and Holliday Sts. April 15.

One of the boys also denied a complaint he stole a portable television set from East Junior High School March 21.

Judge Louis Tobin set the hearings for 10 a.m. June 3.

The case against a 15-year-old boy originally named in the vacant house fire was dismissed.

Pollution

sue some definite findings by the end of next week.

When given the information by the fire chief, the Coast Guard said it had "been trying to locate the source of the pollution for a long time," the chief said. VanDyne recalled there were similar complaints last summer which he referred to the Coast Guard at its Sewickley station.

—:—

A CHECK with Wheeling authorities showed the pollution had not reached that point, the chief said. VanDyne said the river "has cleared up to a degree" since the initial report, but traces of the pollution still are visible.

He said the Coast Guard advised him it contacted Montgomery Dam after receiving the pollution report. The dam put a boat in the river and sent it downstream to take samples of the water, along with photographs of the pollution trail. The chief said the photos were reported to show "oil, grease and a lot of yellowish water. . ."

Small craft owners usually are the first to report river pollution because of surface indications of oil and the discolorations on the hulls of their boats.

moved her two children from the car. She returned to the auto and was trying again to start the motor when she saw the train approaching. She leaped from the car and made her way to safety just before the auto was rammed.

MEANWHILE, a 10-year-old Beechwood boy escaped injury when his bicycle was struck by a hit-skip car Thursday night at 8 on Anderson Blvd. 30 feet east of McKinnon Ave., officers said.

John Landfried of 148 Beechwood St. said he was riding east on Anderson Blvd. on the left berm when a westbound red and white sedan bumped the bicycle and knocked him to the ground. The auto did not halt, disappearing onto McKinnon Ave., police said. The bicycle was not damaged seriously.

A skidding car struck guardrails on the Freeway underneath the Newell Bridge in another mishap Thursday.

Caroline K. Mays, 24, of Wellsville RD 1 told police she was driving east about 45 miles an hour when her 1962 four-door sedan hit the fence, damaging two sections of the metal rails. The left front of the auto was damaged.

Ethel Keuper of 1500 Dresden Ave. told police the left door and quarter panel of her 1962 model two-door sedan were damaged when struck by a hit-skip car about 5 p.m. Thursday on the lot at the Loblaw Market on Dresden Ave.

She said she was sitting in the auto when it was hit by a backing car which then left the scene. She gave police the license number of the offending car.

—:—

A MISHAP on Walnut St. at E. 6th St. Thursday at 3 p.m. damaged a 1968 model station wagon driven by Florine Cavalaro of 552 Florida Ave., Chester, and a 1965 sedan operated by Bruce E. Collins, 16, of 721 Campbell Rd., Wellsville.

The woman halted for a car ahead of her and her vehicle then was hit in the rear by the Collins car, police said. Both vehicles were northbound.

Police also filed a report Thursday on a one-car crash Wednesday night at Anderson Blvd. and Orchard Grove Ave.

A 1959 sedan driven by James L. Eastham, 18, of 420 Gardendale Ave. tore out about 20 feet of guardrail, police said.

Eastham told officers he was driving south on Orchard Grove Ave. when he was forced out of the traffic lane by another vehicle. He said he then lost control and his auto hit the guardrail. There was extensive damage to the left front of the auto.

Police Clear Dormitories At Howard U.

WASHINGTON (AP) — About 200 riot police made a tear gas attack on a Howard University dormitory housing about 1,000 students early today after federal marshals clearing six buildings occupied by militants came under a heavy barrage of rocks and other debris.

About 100 marshals had entered the campus a few hours earlier acting under a court order to clear the buildings seized earlier in the week.

At first the marshals, wearing helmets and carrying night sticks met little resistance, but as they moved from building to building, they were hit by rocks, cans and broken bricks thrown by persons hiding on building tops.

Washington Deputy Police Chief Jerry Wilson said about 60 arrests had been made, all but one by the marshals. He said the city police's Civil Disturbance Unit had been stationed near the campus and moved onto the school grounds at the request of the federal officers.

"The marshals were getting toned and they needed help. They asked us for it," he said.

The police marched in ranks of two up to the front of Cook Hall, a sophomore dormitory just outside the main campus where several students chased from the occupied buildings had hidden. When they reached the front of the four-story building they were greeted by a heavy rain of rocks and other debris.

tainers. Metal containers or baskets are best, as cardboard boxes have a tendency to split or fall apart in a rain storm, allowing the contents to spill.

Old papers, rags, trash and grass trimmings should be in containers, they said. Hedge trimmings or small limbs cut from trees should be tied in bundles not over four feet long. The size limitation is dictated by the loading mechanism of tht "packer body" trucks.

Following the usual practice, the city trucks will not haul away bulky old building materials or other items not in proper containers that must be shoveled onto trucks.

Here's the schedule for the collection Monday: Smithfield St., Orchard Grove Ave., Princeton Ave., Columbia Ave., Oliver St., Fairmont St., Highland Colony, Gardendale, Maplewood to the city limits, Park Blvd., Beechwood, Armstrong Ln., Mayberry Ln., Hill Blvd., Manor Ln., Midway Ln., Cain St. and St. Clair Ave.

Marietta Students To Boycott Classes

MARIETTA, Ohio (AP) — Marietta College students planned to start a boycott of classes and school activities today in a dispute over dismissal of the newly elected student body president.

The Student Senate approved Thursday night the action to protest the dismissal of Earl Maiman. School administrators said Maiman was dismissed from the post for allegedly making "inflammatory" remarks at a discussion session with top college officials.

Fund Dinners Slated By Ohio Republicans

COLUMBUS, Ohio (AP) — Ohio Republicans are planning four fund-raising dinners later this month.

Sen. Edward J. Gerney of Florida will speak at a dinner May 21 in Dayton. The next night, Sen. Robert Griffin of Michigan will speak in Columbus, Sen. George Murphy of California will address a Canton dinner, and Sen. Hugh Scott of Pennsylvania will speak in Akron.

SET TO PARTICIPATE in the Westgate Junior High Choir Friday night at 8 are, left to right, Phil Prince, Marian Baxter, Cheryl Whittington and Scott Calhoun. The eighth grade will present "King and I." The the ninth grade a medley of "Fidler on the Roof." Mrs. Carolyn Brown is director.

Today In History

By The Associated Press

Today is Friday, May 9, the 129th day of 1969. There are 236 days left in the year.

On this date in 1502, Christopher Columbus set out from Cadiz, Spain on his fourth and last voyage to the New World.

In 1754, the first newspaper cartoon in America was published by Benjamin Franklin in his Pennsylvania Gazette.

In 1781, Spain took possession of Pensacola and all of Florida.

In 1919, a proclamation by President Woodrow Wilson proclaimed the second Sunday in May as Mother's Day.

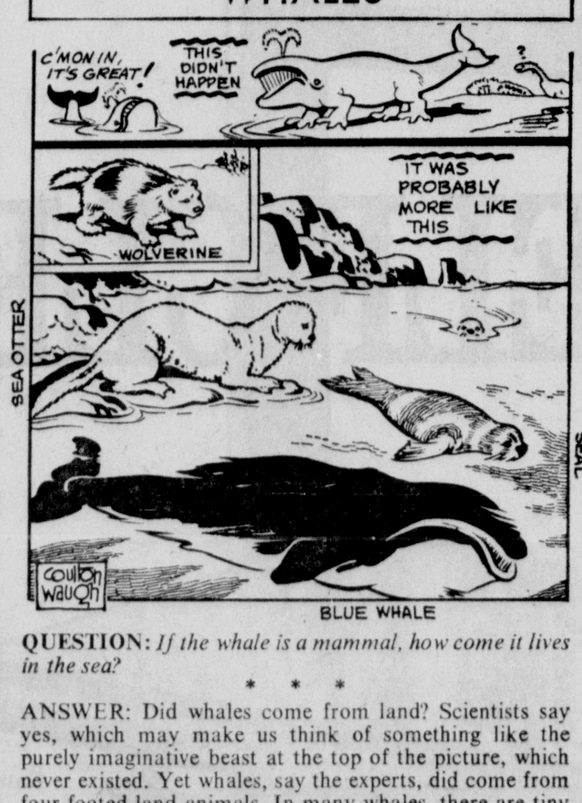

In 1933, 25,000 books were thrown into a bonfire in Berlin in the first of the Nazi book-burnings.

In 1936, Benito Mussolini proclaimed that Ethiopia was a colony of the Italian empire.

In 1946, King Victor Emmanuel III of Italy abdicated, yielding the throne to his son, Crown Prince Humbert.

Junior Editors Quiz on WHALES

QUESTION: *If the whale is a mammal, how come it lives in the sea?*

* * *

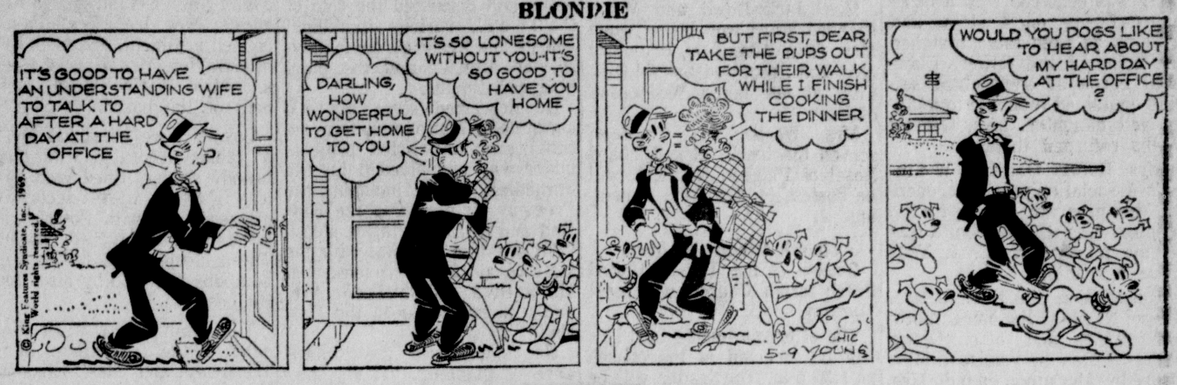

ANSWER: Did whales come from land? Scientists say yes, which may make us think of something like the purely imaginative beast at the top of the picture, which never existed. Yet whales, say the experts, did come from four-footed land animals. In many whales, there are tiny bones out of sight where the legs used to be We don't know exactly what the whale's land ancestor looked like, or how it came to take to the water. The best we can do is to guess. We show three present-day creatures which, linked together, might suggest how whales changed from land to water animals. We are not saying whales actually developed from these particular animals. We use them only as suggestions. Such an animal as the hairy, short-legged wolverine might have developed an appetite for fish, turned into a shorter-haired streamlined creature like the sea otter, then into something resembling a seal and finally into the present whale form. The fact that the water held him up allowed the whale to grow to his present enormous size.

(Debra Hodge of Newton, N.C., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

3 Good Reasons to Save at Diversified:

1

5¾% interest paid on one year term certificates. A minimum deposit of $1000 is required, thereafter in increments of $1,000. When held for one year these certificates pay the area's highest rate — 5¾%.

2

5½% interest paid on investor's passbook savings. A minimum deposit of $500 is required. When held for one year this plan pays 5½% compounded quarterly and earned daily. Money may be withdrawn at any time and still earns 5¼%.

3

5¼% on regular passbook savings. Interest is compounded quarterly and earned daily. Which means you can deposit your money today, take it out tomorrow and still get one day's interest. Savings earn from the day of deposit, and withdrawals are penalized only for the amount of the withdrawal and for the number of days remaining in the quarter.

Army Needs Bullets For Enemy Guns

WASHINGTON (AP) — The Army's plan to train recruits in the use of the main infantry rifle carried by the Viet Cong and North Vietnamese has been stalled because of a lack of adequate ammunition.

As one Army training officer said, "procurement is a little slow—we have to capture our supplies from the enemy."

The Army announced last Oct. 8 that Gen. William C. Westmoreland, its chief of staff, had instructed training centers to include familiarization with the Russian-designed AK47 assault rifle for recruits.

"In addition to the added touch of realism, this will give the soldier experience in safe handling of enemy weapons which he may find or capture on the battlefield," the October announcement said.

A recent tour of Army bases, however, disclosed the program still isn't off the drawing board. The Army gave this reason why: "The lack of safe certified ammunition has contributed materially to the delay in carrying out the program.

Captured ammunition must be tested and certified by U.S. Army experts as safe for firing by American soldiers, which officers said is a time consuming process.

The Army now reports it has about 40,000 rounds of AK47 ammunition on hand, but needs about 94,000 rounds every three months for the initial phase of training. It is not considered economical to manufacture the comparatively small amount of ammunition needed, the Army said.

Seven months after the program's original launch date, the Army says now it anticipates delivery of an additional 100,000 rounds of AK47 ammo by the end of May. If schedules are met and the bullets pass safety inspection, the Army added, the program will be started by summer.

Also contributing to the delay in carrying out the Westmoreland program is trouble with faulty AK47s. According to the Army, one-third of the assault weapons inspected failed to meet U.S. safety standards.

Intersection Mishap Involves Two Autos

No one was injured in a two-car accident at the intersection of Routes 7 and 558 at East Fairfield Thursday night.

The Ohio Highway Patrol said Martin C. Cannon, 68, of Youngstown drove his 1966 coupe through a red traffic signal on Route 7 and it struck a 1960 sedan operated by Paul H. Conkle, 36, of 424 W. Washington St., Lisbon.

The accident, which occurred at 6:21, is still under investigation.

Denver Show Will Feature Pottery Skills

Members of the International Brotherhood of Operative Potters again will demonstrate the ancient skills of their craft during the 24th annual Union-Industries Show May 16-21 at the Denver (Colo.) Convention Center.

The IBOP members will demonstrate the art of hand decorating ware. At one time, the unionists demonstrated making of ware on the hand jigger—taking raw clay and jiggering it into a finished piece. But that demonstration was dropped with the advent of the automatic jigger in the potterys.

The IBOP said pottery manufacturers and other companies throughout the nation which employ its members have cooperated in making their finished products available for display. The exhibits will range from fine china through semi-vitreous ware to ceramic tile and bathroom fixtures.

The working exhibit will be in charge of Fred Tanner, fifth vice president, Robert Lord, seventh vice president, and S. L. Fullerton, 10th vice president.

E. L. Wheatley, president, and Lester Null, third vice president, are scheduled to be present the opening day of the show.

the Immaculate Conception Church.

The Youth Service Award is presented to a resident who has performed outstanding service to youth of the community "in direction, leadership and example."

—:—

CATALDO, of 709 Riverside Ave., a native of Wellsville, is married and the father of six. He is a member of the Immaculate Conception Church, where he has been a trustee and councilman for 20 years and active in other activities.

A 1936 graduate of Wellsville High School, he has taken Geneva College and Penn State University extension courses and attended Ohio Valley Business College.

He began his career as a laborer and machine helper at Crucible, and through a succession of promotions is now the employment manager at the plant.

His community memberships include Board of Directors, American Red Cross; Knights of Columbus (22 years); Board of Directors, Crucible Steel Company Credit Union (10 years), and The Beaver Valley Personnel Association (10 years).

A Booster Club treasurer for 10 years, a Dollars for Scholars trustee for three years and an FOPA secretary - treasurer for one year, he is also active in Scouting.

The Civic Service Award, also known as the "man of the year over 35" award, is presented for outstanding civic service.

—:—

BARKER, of Wellsville RD 1, has been a resident for 23 years. He was born in Moundsville, W. Va.

A veteran of World War II, Bill is now an active member of the Covenant United Presbyterian Church, where he serves as an elder and sings in the choir.

He is president of the Patterson Division of Banner Industries, Inc., which provides employment for 320.

He has been active in organizing and promoting the United Fund at his company, the Junior Achievement program and the Citizens Scholarship Fund.

He is associated with the East Liverpool Area Chamber of Commerce, Jaycees, Columbiana County Health League, Kiwanis Club and many other service organizations in this area.

Acknowledgment was made to Esther Volino, chairman of the Auxiliary of the Sons of Italy, and to those who assisted her in the preparation and serving of the banquet.

PARTICIPATING IN 'BOSSES NIGHT' activities Thursday at Wellsville were, left to right, William P. Barker, Ralph Fusco, John E. Call and John Cataldo. Barker, Call and Cataldo were honored for civic endeavors, with Fusco making the presentations.

Anti-Defamation Unit Names Fisher To Post

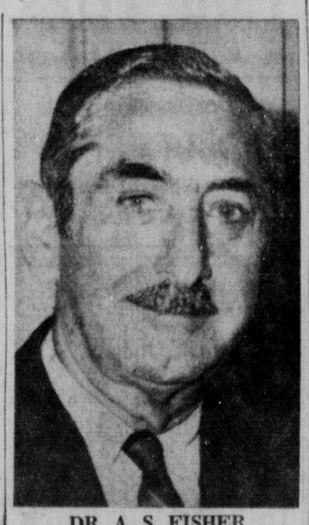

Dr. Alexander S. Fisher, East Liverpool pediatrician, has been elected vice chairman of the Ohio - Kentucky regional board of the Anti-Defamation League of B'nai B'rith during the board's 20th anniversary meeting in Columbus.

Gov. James A. Rhodes addressed the opening banquet and lauded the achievements of the ADL in Ohio during the last 20 years.

Dr. Fisher, a long-time leader in the American Jewish community, chaired a discussion on "Israel and the Middle East." He also serves as chairman of the Israel Committee of B'nai B'rith District Grand Lodge 2, has been a member of the Ohio-Kentucky regional board for many years, and has played a major role in its deliberations.

Martin Gluchow of 146 W. 6th St. was chairman of the luncheon session on "Crisis in Our Cities." Gluchow, a member of the League's National Community Service Committee, is a past president of District Grand Lodge 2.

Also serving on the Ohio-Kentucky regional board are Michael T. Turk and Maurice Rapport.

Disturbance Mars Review For ROTC

COLUMBUS, Ohio (AP) — Several fistfights and egg-throwing incidents broke out Thursday during the traditional president's review of the ROTC Corps at Ohio State University.

No one was reported hurt seriously as supporters of the military program and the dissenting Students for a Democratic Society (SDS) mixed it up outside Mershon Auditorium.

The program was held inside the auditorium because of rain, and it had no interference as campus police and Ohio Highway Patrol officers stood by.

The fights were broken up by police.

Among the most primitive of fish are the sharks, which have slits instead of movable gill coverings, cartilage skeletons rather than bone and a tough skin dotted with tiny denticles.

Marietta Will Get Health Center Grant

COLUMBUS, Ohio (AP)—The city of Marietta will receive a $94,034 federal grant to be applied toward the cost of establishing a public health center in the city's downtown area, according to Albert G. Giles, director of the Ohio Office of Appalachia.

Giles said the center will provide clinical services to residents of Washington, Morgan, Noble and Monroe counties.

New Hospital Wing

COLUMBUS, Ohio (AP) — Director Albert G. Giles of the Ohio Office of Appalachia announced Thursday the awarding of a $217,800 federal grant to the Meigs County Hospital in Pomeroy.

The grant will assist in the construction of a $600,000 wing to the county-owned Veteran's Memorial Hospital to provide an additional 40 beds for long-term patients.

Cancer Danger Signals Pointed Out By Kolozsi

LISBON — If every American recognized cancer's warning signals and acted promptly upon observing a signal, thousands of lives could be saved each year, according to Dr. William Kolozsi of Salem, medical adviser of the Columbiana County unit of the American Cancer Society.

He said the seven warning signs of cancer are like a building's alarm system to protect against fire or like a ship's radar to warn of danger.

The American Cancer Society urges all people to learn cancer's warning signals to help reduce the number of fatal cancer cases, he said.

The survival rate of cancer today is one out of three cases, Dr. Kolozsi said, "but with our knowledge of the disease increasing each year, we know we could save one out of two providing the disease is detected early and treatment is prompt."

Cancer's seven warning signs are: Unusual bleeding or discharge, a lump or thickening in the breast or elsewhere, a sore that does not heal, change in bowel or bladder habits, hoarseness or cough, indigestion or difficult in swallowing and change in size or color of a wart or mole.

"Should any of these signals last longer than two weeks, the person should visit his doctor promptly," Dr. Kolozsi said.

He explained that cancer begins as a localized disease. At the start, a single cell, or perhaps two or three, becomes cancerous and reproduced by dividing into two cells. The process is repeated over and over and, if left unchecked, the cells tend to spread by way of the lymph glands or blood vessels to other parts of the body.

It is to prevent this spreading that prompt action must be taken once a warning sign is discovered," the medical adviser emphasized. "Prompt action means an immediate visit to a doctor for the longer the cancer is given freedom to spread becomes," he warned.

President Selected By Hospital Council

YOUNGSTOWN — Sister M. Consolata, administrator of St. Elizabeth Hospital here, was elected president of the Eastern Ohio Hospital Council at its annual meeting Wednesday at the Youngstown Osteopathic Hospital.

She succeeds Samuel Copperman, president of the Board of trustees of Youngstown Osteopathic Hospital.

The Eastern Ohio Hospital Council represents the 19 Blue Cross member hospitals in the nine county area served by Associated Hospital Service, Inc., including Trumbull, Mahoning, Harrison, Jefferson, Belmont, Monroe, Noble, Washington and Columbiana.

Collide At Lisbon

LISBON — Westbound cars driven by two David Anderson High School girls collided at 8:05 a. m. today on W. Washington St., one - half block south of the high school. Chief of Police Leon T. Zahrndt said Diane M. Vokovich, 16, of 206 Lee Ave., stopped to park and Janice K. Padurean, 17, of Lisbon RD 2, attempted to pass but caught the left rear corner of the Vokovich car. No one was cited.

How Can I?

By ANNE ASHLEY

Q. — What is a good tip for keeping silverware bright?

A. — Try adding a little milk to the water in which it is washed.

Q. — Can you suggest an easy and efficient method of burning initials, monograms, and other intricate designs into wood?

A. — Try painting on the design you want with a fine brush, using ordinary fingernail polish. Then light one end of the polish with a match, and the flame will neatly follow the design, charring the wood along the painted path.

Q. — How can I renovate leather shoes that have become hard and stiff from a soaking in rain?

A. — You can soften them by first washing in warm water, then rubbing either glycerin or castor oil thoroughly into the leather.

HINTS FROM HELOISE

Garage Floor Rusty?

DEAR HELOISE: We recently bought a home and here's my problem. . .

Our garage floor is concrete. Previous owners had left an old car on blocks in the garage for many months and the battery corroded, leaving a huge rust stain on the floor.

Heloise

I've tried just about everything to remove this stain with absolutely no luck. Any ideas?

HAL.

DEAR HAL: If a rusty car radiator will cause leaks, it will frequently cause this same stain.

Get some LIQUID rust remover from your grocery store (or drug store) and pour a little of it, full strength, onto the spot. Then, just as soon as the rust begins to dissolve, flush the stain first with water, and then with some vinegar water —(half water and half vinegar). This will counteract the working of the acid.

It may require more than one application, but you'll soon find your stain gone.

HELOISE.

DEAR HELOISE: For those of you who must go to the laundromat, the handiest way to take detergent is in a one-pound coffee can marked with ridges on the can. (Look at your can and measure the ridges with water first. You'll see.)

From ridge to ridge it's exactly one cup, and it's a great deal easier than carrying a load of wash and a five-pound box.

Mrs. H. B. Shaw.

Letter Of Laughter

DEAR HELOISE: Television has more qualities than were intended. . . Whenever I feel grouchy and want to tell someone to "shut up," I wait until someone on TV has their mouth OPEN, then I push the "off" button. . .

It hurts no one's feelings and sure makes me feel better!

HAPPY.

DEAR HELOISE: When you are out with a partially blind person, it is helpful if you wear light-colored clothing—white hat or white coat. And you should walk in front of them when in shopping areas or even taking a walk.

The light clothing gives the person who can't see well something to follow and go by.

WINIFRED HALL.

DEAR HELOISE: A dog in our neighborhood has been knocking down our garbage can for the past few nights.

I got tired of picking up garbage, so I took one of my Mom's old broom handles and drove it into the ground about a foot. Then I set the garbage can down over it allowing the broom handle to go thru the handle of the can itself.

I haven't had to pick up garbage since. . .

DONALD PEAS
Age 12

-:-

Donald, you are a precious son. Bet your mom and pop are mighty proud of you.

I sure am.

Heloise.

DEAR HELOISE: Don't throw away those paper tablecloths you buy for children's birthdays before you take a good look at them.

Most of the time the unused parts or borders that hang below the table top, are free of stains and have all the pretty designs on them.

These make lovely, strong paper napkins. (Even cute placemats.)

Just mark off the size you want and cut with your pinking shears. You'll have a dozen or more pretty napkins for family use.

Sure makes you feel like you've gotten your money's worth.

MRS. R. D. MAGILL.

Hearings Slated For 3 Motorists

Municipal Court hearings are slated Monday for three motorists cited by East Liverpool police Thursday night.

The defendants are:

Lawrence E. Gill, 22, of 940 Fairview St., cited at 10:20 on Walnut St. on a charge of operating an auto with a faulty exhaust; Henry Hornbeck, 20, of E. 4th St., arrested at 7:45 on a charge of crashing a traffic light at E. 6th St. and Broadway, and Robert F. Miller, 19, of New Cumberland RD 2, cited at 6:48 at E. 3rd and Walnut Sts. for operating a vehicle with a faulty exhaust.

James Jesse Taylor of 1925 Smithfield St. also is due for a hearing Monday on an intoxication charge. He posted a $32.50 bond after he was cited in Green Ln. Thursday by Patrolman Karl W. Samples and Charles A. Winters.

Municipal Court was not in session today because Judge Samuel M. Chertoff was attending a meeting at Columbus.

Pending Cases Slashed In April

LISBON — Columbiana County Common Pleas Court reduced the number of pending cases from 849 to 832 during April.

The judicial business report prepared by Clerk of Courts Carl L. Stacey for the Ohio Supreme Court shows 95 new cases, including 41 divorce actions, were filed last month.

During the same period, the two courts disposed of 112 cases, including 72 divorces, for a net gain of 17 cases.

An analysis of dispositions shows 58 cases tried to court, five cognovit and default judgments and 27 cases settled or dismissed.

Ten county cases are pending before the Seventh District Court of Appeals.

Event To Begin Sunday

Local Program Readied For National Police Week

Fraternal Order of Police Lodge 29 is putting the finishing touches on a program for the local observance of National Police Week beginning Sunday.

A display will be arranged over the weekend in one of the windows at the D. M. Ogilvie Co. store. It will include a mannequin dressed in police uniform, photos of traffic accident scenes and a weapons display loaned by Sheriff Russell J. Van Fossan's office at Lisbon.

Monday through Wednesday, officers will visit Westgate, East Junior High School and the high school to screen a film and present talks on drug abuse.

—:—

THE ANNUAL police Officers Memorial Day will be observed in a ceremony Thursday at 10 a.m. at the World War II memorial in front of City Hall. The program is held annually in memory of officers who have lost their lives in line of duty. The FOP will present a memorial ritual.

Mayor George E. Willshaw and Judge Samuel M. Chertoff have been asked to speak briefly. The department has sent invitations to the Midland and Chester police departments, the Columbiana and Hancock County sheriff's departments and the Ohio Highway Patrol post at Lisbon.

Each department has been asked to send a uniformed representative to the ceremony. The officers will be introduced and their departments will be identified. Patrolman Charles Coen, FOP president, said the public is invited. Coffee and doughnuts will be served.

—:—

THE FOP also plans a "surprise" presentation honoring several police officers. W. 6th St. traffic will be banned from Jackson St. to the Diamond during the ceremony. All East Liverpool police officers will be present in uniform, off-duty men as well as those on duty.

Following the ceremony, the lodge will place permanent bronze markers on the graves of each deceased East Liverpool officer.

The FOP also is scheduled to participate in a "B-Line" program on WOHI as part of the observance. Coen said further events may be planned for Friday and Saturday, rounding out the week's observance.

Workers Install Warning Signs

Ohio Highway Department crews Thursday installed new school warning signs along Route 7 in the Beaver Local High School area.

Supt. Roy Cashdollar said the department has also advised him the present blinker light at the school driveway will be moved 1,000 feet south to provide earlier warning of the school zone.

Four Beaver Local High School students were injured in a three-vehicle collision at the entrance Tuesday when a truck hit a stopped auto of a student.

A large number of students and some teachers subsequently signed petitions to be sent to state officials asking for strict enforcement of speed limits and changes at the Route 7-30 intersection south of the school.

Supt. Cashdollar said a representative of the state highway department consulted with him prior to the petition action, and instituted action to have the warning signs erected and the blinker light changed.

Midland's Norm Vanlier was drafted by the Chicago Bulls of the NBA in the third round of the draft Wednesday.

Vanlier's Midland teammate, Sim Hill, earlier had been tapped by Chicago, but signed with Los Angeles of the ABA.

Larry Lewis, Vanlier's teammate at St. Francis, was drafted by the Philadelphia 76ers. The Baltimore Bullets picked Gary Major of Duquesne, Jeff Claypool of Grove City and Perry Johnson of Robert Morris. Johnson is a brother of Gus Johnson, present Bullet star who was hampered by injuries most of this season.

BOARDMAN WON the Youngstown Sectional Baseball Tournament and will participate in the giant district tournament at North Canton starting tomorrow. The Spartans are thus a possible foe of East Liverpool in the Philo Regional. The Potters were edged 5-4 by Boardman in the season's opener.

GARY TROLL of Columbiana is a linebacker on the spring roster of the Slippery Rock St. football team.

JEFF HALL of Beaver Local is pitching in relief for Kent State. Hall has no decisions, but has an ERA of 2.00, the lowest on the team.

MARK GIANFRANCESCO of Wilkinsburg the Pennsylvania MVP in the Roundball Classic, has accepted a basketball scholarship to Georgia U.

FIFTEEN YEARS ago this week Dr. Roger Banister of Great Britain ran the first four-minute mile. Since that time, 100 runners have broken the magic four-minute barrier 329 times. U.S. runners lead the way with 122 sub-four-minute efforts by 29 men. Jim Grelle has run the most miles under four minutes, 21, but was a winner on only four of those occasions. Jim Ryan, the Record-holder with a 3:51.1 clocking, has gone under four minutes 19 times, winning 17 times. The University of Oregon alone has produced nine sub-four-minute milers, more than any other country except Great Britain. Villanova has five aces to its credit.

Rain Washes Out All Baseball Games

Rain postponed all three baseball games scheduled for yesterday in the area.

The East Liverpool at Steubenville Central game was called off after three innings. The Monaca at South Side game was postponed until Monday. The Salem at Beaver Local game was cancelled.

In addition to the rain, the Beavers have another problem. Coach Nevitt Stockdale has been hospitalized with a recurrence of his gall bladder trouble and present plans call for the cancellation of all remaining non - league games on the schedule.

ERAs Climbing For Top Hurlers

By HERSCHEL NISSENSON
Associated Press Sports Writer

The pitching mound isn't the only thing lower for most of the hurlers who helped make 1968 the Year of the Zero in major league baseball. Their records also show quite a drop.

Of the top 10 pitchers in each league a year ago, only Juan Marichal of San Francisco and Oakland's Jim Nash show an appreciably better earned run average and some ERAs are as astronomical.

The pitching mound isn't the only thing lower for most of the hurlers who helped make 1968 the Year of the Zero in major league baseball. Their records also show quite a drop.

Of the top 10 pitchers in each league a year ago, only Juan Marichal of San Francisco and Oakland's Jim Nash show an appreciably better earned run average and some ERAs are astronomical.

Houston and Philadelphia wreaked more hitting havoc Thursday, with the Astros winning a 9-7 come-from-behind slugfest in the only scheduled game in either league.

They rallied for three runs in the eighth inning and three more in the ninth, wiping out a 7-3 Philadelphia lead and ruining a banner performance by Rich Allen, who walloped a towering grand slam homer and singled in another run.

Houston fell behind despite a 3-0 lead on Joe Morgan's leadoff homer and a two-run shot by Jim Wynn in the third. But they closed in when Jesus Alou cracked a two-run double and Gary Geiger hit a sacrifice fly in the eighth.

Norm Miller began the decisive ninth against reliefer Gary Wagner with a single and walks to Curt Belfary and Doug Rader loaded the bases with two out. Alou's infield single tied the score and John Edwards drilled a single to right to win it.

"It's taken us a while to get in the groove, to adjust to playing with one another and to get a little confidence," said manager Harry Walker, whose Astros have won six of their last seven games. "We started off bad and then we started to press.

"I think we'll be all right. We've got three hard throwers in Larry Dierker, Don Wilson and Tom Griffin. If they continue to improve we can be tough."

The pitchers on the other 22 teams had Thursday off to contemplate their woes. For example:

Cleveland's Luis Tiant, a 21-game winner and the American League's ERA leader at 1.60, shows an 0-6 record and 8.29 ERA. Teammate Sam McDowell's ERA is up from 1.81 to 3.23 and it took two consecutive shutouts to get it that respectabel.

Baltimore's Dave McNally has a 5-0 marker but his ERA is up from 1.95 to 2.70. Denny McLain, Detroit's 31-game winner, is at 4-3 and 2.82, compared to 1.96 in 1968

Tommy John of the Chicago White Sox is up from 1.98 to 2.66, Stan Bahsen of the New York Yankees—0-6 like Tiant—from 2.06 to 5.50, Joe Horlen of the White Sox from 2.37 to 3.60 and New York's Mel Stottlemyre and Oakland's John "Blue Moon" Odom from 2.45 to 2.64 and 2.84, respectively.

Nash, however, is down from 2.28 to 1.86 with a 3-1 record.

Over in the National League, Bob Gibson of St. Louis has a superb 1.94 ERA, but it was a record-setting 1.12 last season, when he spun 13 shutouts.

San Francisco's Bob Bolin is up from 1.98 to 4.75, Pittsburgh's Bob Veale from 2.06 to 3.82, Jerry Koosman of the New York Mets from 2.08 to 3.57 and Steve Blass of the Pirates from 2.13 to 6.82.

Don Drysdale of Los Angeles, author of a record 8 consecutive scoreless innings last year, has soared from 2.15 to 5.85 and has a sore arm, as well. Tom Seaver of the Mets and Ray Washburn of the Cardinals are virtually the same, 2.20 to 2.28 for Seaver and 2.26 to 2.50 for Washburn. But Gaylord Perry of the Giants has jumped from 2.44 to 3.12.

Marichal, who won 26 games ast year, has a 4-2 record and his ERA is 1.98, compared to last season's 2.43.

The people doing the hitting also have some strange names. The leading batters include Coco Laboy of Montreal, Chuck Harrison of Kansas City, Mike Hegan of Seattle and Bobby Murcer of the Yankees, none of whom was in the majors a year ago.

Danny Cater and Rick Monday of Oakland and Tony Oliva and Ted Uhlaender of Minnesota are hitting better but Boston's Carl Yastrzemski, the AL's batting champion, is mired at .230, Detroit's Willie Horton at 2.33, California's Vic Davalillo at .149, Oakland's Bert Campaneris at .174 and Cleveland's mod swinger, Ken Harrelson, is at .181.

The averages of Pittsburgh's Matty Alou, Atlanta's Felipe Alou, Cincinnati's Alex Johnson, New York's Cleon Jones and Montreal's Rusty Staub all show improvement, while the Giants' Willie McCovey is at 1968's .293 mark.

But defending bat champ Pete Rose of the Reds is down from .335 to .287, Curt Flood of the Cards from .301 to .259, Glen Beckert of the Cubs from .294 to 252 and Roberto Clemente of the Pirates from .291 to .242.

The current leaders are Minnesota's Rod Carew at .395 after a .273 season in 1968 and Jones of the Mets, up from .297 to .394.

DECISION DOUBTED. Dooley Womack of Houston (left) threw a called strike, but third base umpire Shag Crawford said that Womack had his foot six inches in front of the rubber and changed the call to a ball. Houston manager Harry Walker (25) protested the decision, but to no avail. The Astros won anyway, 9-7 at Philadelphia last night. (UPI Telephoto)

West Calls Alcindor Top Prospect

by MURRAY ROSE
Associated Press Sports Writer

NEW YORK (AP) — Lew Alcindor can't miss making it big in the National Basketball Association, says Jerry West.

"I think he's going to be the most valuable player in the league," said the superstar of the Los Angeles Lakers today.

Here to receive a car as the outstanding player of the recent NBA final playoff series between the Lakers and the winning Boston Celtics, West was asked whom he would pick first if he had to select a pro team today.

"Lew Alcindor," he replied without hesitation.

"I've watched him play and he can do everything. He has Bill Russell's agility. He is quick, has great hands, can shoot and is an unselfish player.

"His one weakness is rebounding. For a guy his size he doesn't do enough. But with competition that will improve.

The 22-year-old Alcindor, a towering 7-foot-1½ 235-pounder from UCLA, recently signed a multi-year contract calling for an estimated $1.4 million with the NBA's Milwaukee Bucks.

The 30-year-old Laker sharpshooter sang Alcindor's praises after reporters had asked him to compare teammate Wilt Chamberlian, 32 7-1, 275 pounds, and Russell, 35-year-old playing coach of the Boston Celtics who is 6-9 and weighs 220.

"Wilt Chamberlain is a better all-around player than Russell," said West. "He's a better scorer and rebounder and I think he even blocks more shots than Russell.

"But for the one guy for the one game I'd have to pick Bill Russell. His record speaks for itself.

"If I had to say what the difference was in our final series, I'd say Bill Russell. He's a winner.

"And I'm not knocking Wilt. He's a great player but everyone says he's a loser. Well I'm a loser, too, and so is Elgin (teammate Elgin Baylor). We haven't beaten Boston and that's on thing I wanted most. I thought sure this was the year we were going to do it."

"West, hampered by a pulled hamstring muscle in his left leg in the final two games with Boston, scored 42 points, grabbed 13 rebounds and had 12 assists in the 108-106 losing seventh game with Boston.

The 6-3, 175-pound backcourt wizard set an NBA playoff record of 556 points. He scored 265 in the seven-game set with Boston for a 37.8 average.

"Jerry West is the most complete player in the NBA today—and maybe of all time," said his coach, Bill van Breda Kolff, at the luncheon honoring West Thursday.

West was presented with a 1969 Dodge Charger R-T by Sport Magazine. Jerry said he almost gagged when he was shown the car.

"My God, it was green—Boston Celtic green," he said.

Three Teams To Shift

Rozelle May Take Action In Football Realignment

NEW YORK (AP) — Commissioner Pete Rozelle has moved to within 24 hours of running with the realignment ball himself and personally selecting the three National Football League teams that have to switch to the American Football League.

Rozelle made that revelation himself at the end of an 11-hour day of talks with both NFL and AFL club owners Thursday in yet another session of the marathon pro football meetings that now have lasted almost two months and been held on both coasts of the United States.

Admitting that "I don't have a firm commitment from any club" to move, Rozelle said he felt a solution had to be reached by Saturday at the latest and if the NFL owners could not select the three teams "I am prepared to pick them."

The owners have been meeting on a solution to the realignment problem since mid-March when they originaly sat down in Palm Springs, Calif. They held a second session last week and then reconvened again Wednesday.

The only hard fact that has evolved in the almost two months of talks is that realignment almost certainly will be accomplished by shifting three teams from the 16-team NFL into the 10-team AFL to form two conferences of 13 teams each.

Asked if he had the power to step in, Rozelle replied:

"They (the owners) may give it to me or I may insist upon having it. In that case I think I can get it."

Rozelle said he had spent some time considering his three candidates for a shift but declined to specify any of his choices or speak in other than generalities about what factors would be taken into consideration.

The teams most prominently mentioned in speculation have been Baltimore, Atlanta, New Orleans, Philadelphia, Minnesota and St. Louis, but Rozelle said only three teams actually will not be considered for a move—New York, San Francisco and Los Angeles.

"One way or another," Rozelle insisted, "we'll have a decision by Saturday."

Rain Washes Out All Baseball Games

Rain postponed all three baseball games scheduled for yesterday in the area.

The East Liverpool at Steubenville Central game was called off after three innings. The Monaca at South Side game was postponed until Monday. The Salem at Beaver Local game was cancelled.

In addition to the rain, the Beavers have another problem. Coach Nevitt Stockdale has been hospitalized with a recurrence of his gall bladder trouble and present plans call for the cancellation of all remaining non - league games on the schedule.

Ack Ack Favorite

Withers, Illinois Derby Highlight Saturday Races

By The Associated Press

Cain Hoy Stable's Ack Ack, who passed a Kentucky Derby test but then was kept out of school, will take his examination for the Preakness Saturday.

Ack Ack won the one-mile Derby Trial but was held out of the 1¼-mile Derby. However, an impressive victory in the $50,000-added Withers, also one-mile, at Aqueduct should earn him a trip to Baltimore for the 1 3-16-mile Preakness, the second leg of the Triple Crown, May 17.

Osmer S. Deming's Rooney's Shield, a good fourth in the Wood Memorial and Locust Hill Farm's Tyrant also will be trying to earn Preakness shots in the 94th running of the Withers. Neither ran in the Derby.

The seven other probables in the Withers field are Aisco Stable's Prevailing, Clairborne Farm's Blade, Celestino Dilibero's Lion Sleeps, Dot Ed Farm's Dot's Imp, C.P. Kimmel's I Found Gold and C.V. Whitney's True North.

Each starter will carry 126 pounds.

The closing day feature at Sportsman's Park—the $75,000-added, 1⅛-mile Illinois Derby—also will feature 3-year-olds, with Ogden Phipps' King of the Castle heading an expected field of 12.

King of the Castle, the Louisiana Derby winner, will be co-highweighted at 126 pounds with Clifford Scott's and Omy Spitzer's Trusty Pro, winner of the Illinois Derby Trial. Other probables include Mr. and Mrs. Charles Chaplin's Indian Emerald, 124, and Verne H. Winchell's King Loma, 119.

Grass runners will go in the $50,000, 1½-mile Dixie Handicap at Pimlico, with a field of 12 likely.

Gustave Ring's Czar Alexander, second in the 1968 Washington, D.C., International and second in the Hialeah Turf Cup in his best showing in two starts this year, has been assigned top weight of 122 pounds. Barney Lobel's French-bred Taneb, victory in the San Luis Rey, gets the second highest impost of 117.

Patrick Madden's Pink Pigeon, highweighted at 126 pounds; N.S. McCarthy's Time to Leave, 121, and William Haggin Perry's Desert Law, 117, top a probable field of nine fillies and mares for the $30,000-added Long Beach Handicap over one mile on the grass at Hollywood Park.

In a pair of $25,000-added events, Berry Path heads a field of 12 entered for the five-furlong Juvenile Dinner Stakes at Golden Gate Fields and Iron Ruler is the early choice among 10 probable for the 1 1-16-mile Valley Forge Handicap at Garden State Park.

Hall First Westerner On NHL All-Star Team

NEW YORK (AP) — Goalie Glenn Hall of the St. Louis Blues today became the first player in the National Hockey League's expansionist West Division to be named to the league's annual All-Star team.

Hall was named to the NHL's first All-Star team for a record 11th time in balloting by three members of the National Hockey League Writers Association in each of the 12 league cities.

The veteran goalie, who shared the Vezina Trophy for fewest goals allowed with teammates Jacques Plante, polled 115 points, 13 more than Ed Giacomin of New York, in the closest race in the voting.

Joining Hall on the first team were center Phil Esposito and defenseman Bobby Orr of Boston, left wing Bobby Hull of Chicago, right wing Gordie Howe of Detroit and defenseman Tim Horton of Toronto.

Orr came closest to being a unanimous choice, getting 176 of a possible 180 points. Hull had 175, Esposito and Howe 174 each and Horton 123.

Three Montreal players, center Jean Belivau, right wing Yvan Cournoyer and defenseman Ted Harirs, were picked for the second team along with Giacomin, defenseman Ted Green of Boston and left wing Frank Mahovlich of Detroit.

Selection to the first team carries with it a $2,000 bonus from the league while second-team members receive $1,000 each.

Texas Open First Round Washed Out

SAN ANTONIO, Tex. (AP) — The troubled Texas Open, plagued with dropouts, threatened by a tornado and buffeted by a violent, damaging thunderstorm, tried again today to get in the first round of the $100,000 golf tournament.

The 7,138 yard, par 71 Pecan Valley Country Club course still was heavy, soggy and waterlogged today when the first in the field of 155 got away.

A raging storm Thursday washed out the scheduled first round, turned the lush course into a quagmire and forced tournament officials to do some fast rescheduling.

Single 18 hole rounds now are scheduled today and Saturday, with a 36-hole windup Sunday.

Torrential rains, accompanied by gale-force winds, golf-ball size hail, thunder and lightning pounded the course and sent the pros and spectators scurrying for any shelter available.

Chi Chi Rodriguez, who won the tournament the last time it was played, in 1967, scampered to a tin-roofed golf cart shed on the course.

"This tin roof," the little Puerto Rican said, "I never hear so much noise in all my life."

No one had completed 18 holes when the storm struck.

Frank Beard and U.S. Open champion Lee Trevino retained their roles as favorites in the field that is lacking such big names as Arnold Palmer, Jack Nicklaus, Gary Player, Billy Casper and Julius Boros.

Aqueduct Employes Stop Protest

NEW YORK (AP) — Normal operations resumed today at the Aqueduct race track after settlement of a pension dispute which led to a nine-day shutdown at the nation's largest thoroughbred plant.

Members of the Horsemen's Benevolent and Protective Association voted Thursday to end their boycott in compliance with a temporary restraining order obtained by the State Attorney General. A hearing on a permanent injunction sought by Attorney General Louis Lefkowitz will be held Tuesday.

The HBPA had voted on April 25 to boycott the entry box to press demands for state aid in financing a $1.3 million pension plan for backstretch employees. Both Gov. Nelson Rockefeller and the State Racing Commission have promised an immediate investigation into the possibility of increasing purses.

Racing was resumed at Aqueduct Wednesday with horses supplied by the American Trainer Association and dissatisfied members of the HBPA. Fotry persons were arrested during a disturbance that caused cancellation of the first race. There were no incidents Thursday.

Earl Weaver of the Baltimore Orioles is 38 and the youngest manager in the American League.

Potter Team Batting .341 Cunningham At .442

Dan Cunningham has raised his average to .442 to take the lead in hitting on the East Liverpool High baseball team.

Jim Musuraca is hitting .468, but has been to bat only 32 times in 15 games. John Haney, who was leading the team at .437, has fallen off to .426.

The Potters as a team have hit .414 in the playoffs to raise the team batting average to .341. All the regulars except Randy McVay and Jim Massey are hitting at least .308 and no one is under .279.

Tom Chambers has the most RBIs, 18; the most stolen bases, 9; and is tied with Cunningham for the most runs scored, 17. Cunningham has the most doubles, 6; the best slugging percentage, .678 and is tied with McVay with two home runs.

W. Va. Derby Purse Upped To $25,000

For the first time in its history, Waterford Park will stage a $25,000 added stakes race when the West Virginia Derby is run Aug. 15.

The announcement was made by General Manager Howard S. Graham who said that Waterford would present seven stakes races this season.

"After last year's record handle and attendance," Graham said, "we are going to go all out in an effort to bring even better racing to the tri - state area. We have completely revamped our entire purse structure and are currently awarding more money to horsemen than ever before. Additionally, we have already taken steps to present the kind of racing that the fans like to see. We are going to run more races at longer distances than ever before.

"For the remainder of the spring session and continuing through the summer and fall sessions, we are hopeful that we will be able to eliminate from our racing schedule the short, abbreviated type of sprint races that used to be so predominant here. We plan on using many more races at six furlongs and others at a mile or over," Graham explained.

Grass racing, the top favorite with the nation's racegoers, is expected to get under way by mid-May. Waterford Park has one of the finest turf courses in the country and it is rated as one of the nation's safest and fastest.

Waterford will kick off its 1969 stakes schedule with the $10,000 added Waterford Mile June 13.

The $5,000 West Virginia Derby Prep will be run Aug. 8, just a week before the Derby.

Following the Derby, the track will present the $10,000 added Ceramic Valley Handicap Sept. 19; the $10,000 added Ohio Valley Futurity Oct. 17; the $7,500 added West Virginia Oaks Nov. 14 and the $7,500 added Audley Handicap Nov. 28.

To date, Waterford Park is averaging 3,820 fans per program, up 1.5 per cent over last year's 3,763. In betting, the nightly average is $311,301, up 6.5 per cent over last year's $292,248 for the same period.

Beaver Local Banquet Set For Tuesday

Plans have been completed for the 10th annual all - sports banquet of Beaver Local School District Tuesday night at 6:30 at the high school on Route 7.

The dinner committee of the Beaver Local Boosters Club finished the plans during a meeting Thursday at the home of Mrs. Dale A. Diddle of Calcutta.

The program will be marked by presentation of trophies, letters and other awards for participants in golf, track, basketball and wrestling. No speaker is scheduled. Three hundred reservations have been made to date.

Assisting with the arrangements are Mrs. Dorothy Williams, Mrs. Alice Diddle and Mrs. Ruth Jenkins.

Today In History

By The Associated Press

Today is Friday, May 9, the 129th day of 1969. There are 236 days left in the year.

On this date in 1502, Christopher Columbus set out from Cadiz, Spain on his fourth and last voyage to the New World.

In 1754, the first newspaper cartoon in America was published by Benjamin Franklin in his Pennsylvania Gazette.

In 1781, Spain took possession of Pensacola and all of Florida.

In 1919, a proclamation by President Woodrow Wilson proclaimed the second Sunday in May as Mother's Day.

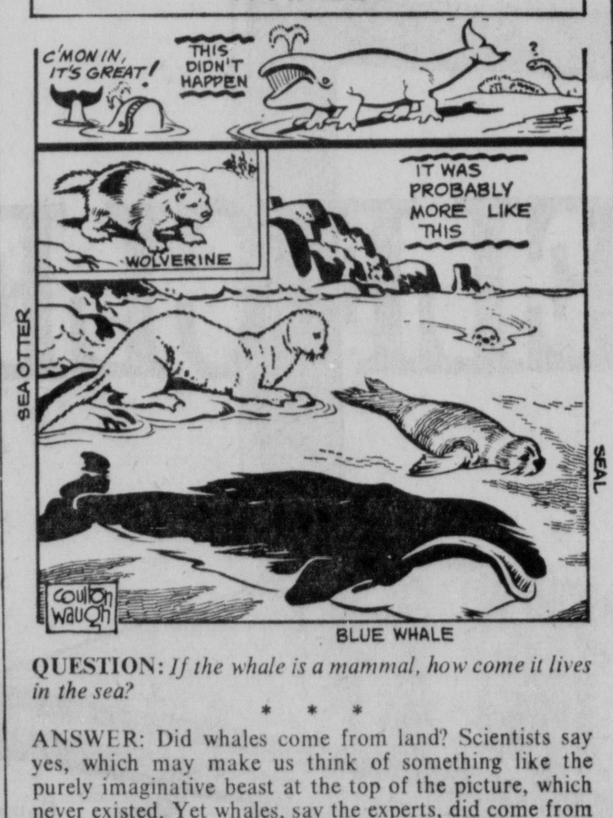

In 1933, 25,000 books were thrown into a bonfire in Berlin in the first of the Nazi book-burnings.

In 1936, Benito Mussolini proclaimed that Ethiopia was a colony of the Italian empire.

In 1946, King Victor Emmanuel III of Italy abdicated, yielding the throne to his son, Crown Prince Humbert.

Junior Editors Quiz on WHALES

QUESTION: *If the whale is a mammal, how come it lives in the sea?*

* * *

ANSWER: Did whales come from land? Scientists say yes, which may make us think of something like the purely imaginative beast at the top of the picture, which never existed. Yet whales, say the experts, did come from four-footed land animals. In many whales, there are tiny bones out of sight where the legs used to be We don't know exactly what the whale's land ancestor looked like, or how it came to take to the water. The best we can do is to guess. We show three present-day creatures which, linked together, might suggest how whales changed from land to water animals. We are not saying whales actually developed from these particular animals. We use them only as suggestions. Such an animal as the hairy, short-legged wolverine might have developed an appetite for fish, turned into a shorter-haired streamlined creature like the sea otter, then into something resembling a seal and finally into the present whale form. The fact that the water held him up allowed the whale to grow to his present enormous size.

Kiwanians Tape Mayor's Talk In 'Swap' Program

The Kiwanis Club of Hamilton, New Zealand, is about to find out how "the other half lives" through an exchange program with the local club.

A message on the municipal operation here was taped during Thursday's noon meeting at the Travelers Hotel by Mayor George E. Willshaw.

The "tape" now is on its way to Hamilton.

Mayor Willshaw outlined the duties and responsibilities of his office and discussed the role of Council, various municipal boards and agencies, the safety-service director and the planning coordinator.

He described some of the community improvements in recent years and listed projects under way and planned for the immediate future, including the Freeway Extension to the East End and a transportation study. "We are also working with the state on aid for improvement of Maine Blvd. and Shadyside Ave. and a storm sewer in the East End," he stated.

He underscored the importance of planning. "It is something you don't just say we are going to do then start the next day You must sail along with planning, not just lie at anchor."

The mayor was introduced by Les Blumenthal. Dayton Allen, president, was in charge.

Plans for co - sponsoring the annual horse show with the Tri - State Boot and Saddle Club May 31-June 1 were outlined.
